Germany Asks Allies To Lighten Reparations Load

NEED IS URGENT, WORLD BANK TOLD IN BERLIN APPEAL

Government Urges Convocation of Special Advisory Committee as Provided Under Terms of the Young Plan.

GERMANS PREFER DIRECT ACTION

Procedure Under Young Plan Only Way Open, So Note Pleads for Speed in Decision.

BY JOHN A. BOUMAN.
BERLIN, Nov. 20.—(AP)—Germany took her financial troubles to the World Bank today in the hope that an international conference to investigate and relieve her burdens might result.

The government sent a memorandum to the bank applying for the convocation of a special advisory committee, as provided in the Young plan, to examine the nation's ability to pay reparations.

The German belief was that this application was the first step toward revision of the reparations treaties. The foreign office pointed out that the letter to the bank for International Settlements had been so framed that the advisory committee might be under no misapprehension about the necessity of considering Germany's economic and financial situation as one great whole.

The foreign office spokesman with great satisfaction announced this had been done after consultation with the French government, which raised no objection to presenting the problem in that light.

Speed Urged.
The memorandum asked that the committee "should carry out its task as soon as possible, so that a conference of those governments which are concerned with decisions to be reached may take place in the very near future."

Germany would have preferred to have her burden lightened by an international conference without invoking the machinery of the Young plan. It has been the German thesis that to operate under the Young plan was superfluous in the view of the fact that a World Bank committee, headed by Albert H. Wiggin, New York banker, already has investigated the nation's financial situation.

So long as the Young plan stands, however, application to the World Bank under its machinery was accepted as the only possible course.

Met In Eight Days.
The Wiggin committee met only eight days after its convocation and finished its labors well within a fortnight.

German officials hoped the participating banks would be able to appoint their representatives on the new committee tomorrow or the day after, and there was no expectation of delay in the appointment of neutral members by Holland, Sweden and Switzerland.

Commentators declared the diplomatic atmosphere was not too favorable for the success of Germany's aims. It was pointed out that neither the British parliament nor the United States congress has had an opportunity to evolve policies on the international problems raised by the financial condition of the Reich.

Berlin views the Paris chamber of deputies as being largely under nationalist influences, and French elections are due next year.

The German memorandum to the World Bank praised the "far-seeing initiative" of President Hoover in proposing his one-year moratorium. It

INJURED IN BLAST, PATROLMAN DYING

W. R. Johnson Jr. Strikes Match To Find Gas Leak; Woman Burned.

Critically burned in a gas explosion early Friday afternoon, Patrolman W. R. Johnson Jr. was in Grady hospital Friday night not expected to live. Mrs. Jessie Bray, of 468 Washington street, was seriously burned at the same time and also is in Grady, according to hospital authorities.

The gas explosion occurred when Mrs. Bray and her daughter, Miss Wilda Bray, 25, who live in an apartment on the first floor, called Johnson to help them find a gas leak in a recently vacated apartment near theirs, it was said. Johnson and the two women entered the apartment where a strong smell of gas seemed to come from the kitchen. As the officer spoke of lighting a match, the two women withdrew to the door.

A tremendous blast which tore away the kitchen door and threw Johnson out of the house through a screen of lattice work into the yard resulted when the patrolman struck the match, it was reported. Mrs. Bray's clothing became ignited, burning her seriously.

Miss Bray was slightly burned when she attempted to extinguish the blaze which threatened her mother's life. In response to her screams, neighbors rushed in and helped to put out the remaining flames, it was said. An ambulance was called and Johnson and Mrs. Bray were taken to the hospital.

Dr. Small's Condition Remains Unchanged

Dr. Sam Small, who is desperately ill at the United States Veterans' Hospital No. 48, remains in much the same condition, it was announced Friday night. He is in a state of coma and is very weak.

Since a fall which fractured his hip at the republican national convention at Kansas City, in 1928, Dr. Small's health has been poor, but he has carried on his regular work, conducting the famous "Looking and Listening" column for The Atlanta Constitution until recently.

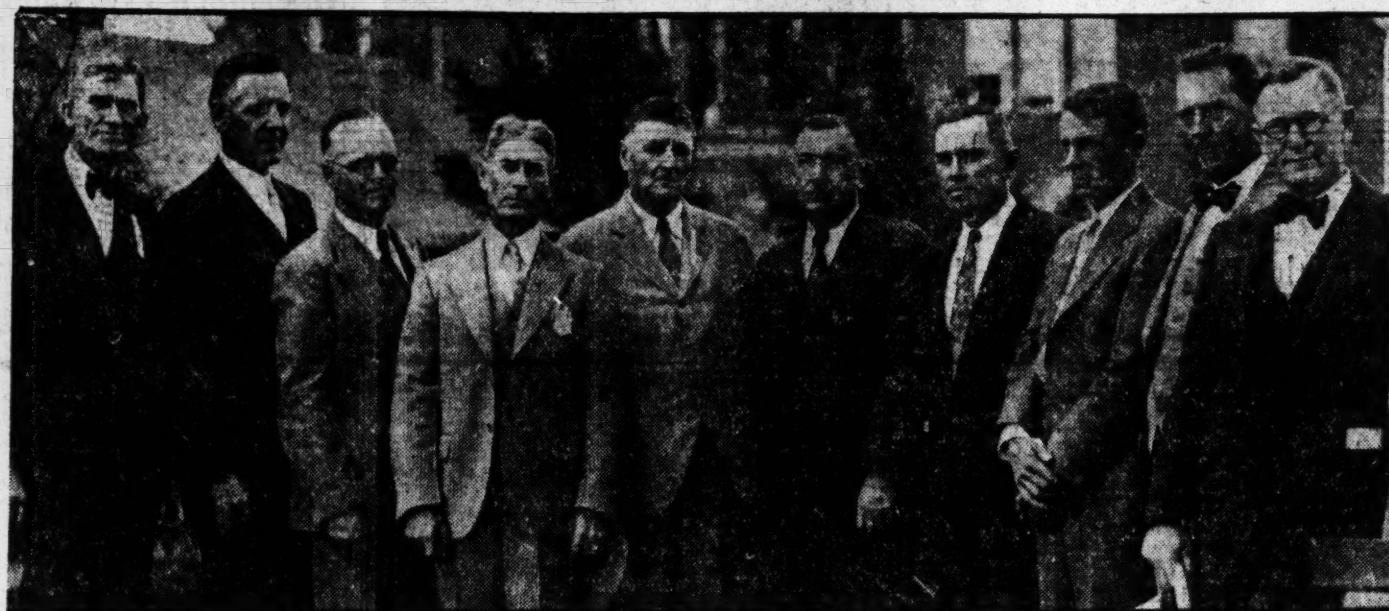

Atlanta To Greet Mrs. Roosevelt, Making First Address Here Today

Mrs. Franklin D. Roosevelt, wife of the New York governor, who described her visit here as by his "proxy," will arrive in Atlanta early this morning to be met by a group of distinguished Atlantans, guided on a tour of inspection of the Lovett school on Myrtle street and to make a speech before the League of Women Voters at the Ansley hotel at 11 o'clock.

The wife of the famous New York governor is herself a speaker of note and her address on "Women in Government" is being looked forward to by men and women interested in civic affairs.

Mrs. Roosevelt will arrive on an early train from Greensboro, N. C., where she spent Thursday night and Friday. She had accompanied Governor Roosevelt that distance from New York on his way to Warm Springs, where she will join him tonight.

Mrs. Sinclair Jacobs, who will lead the welcome delegation, which will include Mrs. Fred Hodgson, Miss Rhoda

McDonough, county seat of Henry county, was the scene Friday of one of the most brilliant events ever staged by a Georgia county. The day was designated "Progress Day" and was the occasion for a colorful pageant depicting the 110 years of picturesque history of this famous old Georgia county. In the top picture above is shown "Queen Peach," "King Cotton" and their court. Miss Georgia Walker was the queen, John Frank Ward was king; James Pullin and Rudolph Hightower, train bearers; Miss Grace Hooten, court jester; Mrs. Andrew Carmichael and Miss Eloise Amis, maids of honor, and Misses Martha

Adams, Sarah Babb, Gertrude Gilmore and Marie Hightower were maids-in-waiting. Miss Evelyn Powell is the "Spirit of Henry County," while others in the picture took part in the opening scene of the pageant. Below is a group of Henry county leaders who took active part in arranging the event. They are, left to right, W. M. Berry, chairman of the county commissioners; J. E. Hooten, chairman, board of education; B. S. Elliott, county representative; C. J. Dickson, chief of police; J. O. Tarpley, mayor; George C. Alexander, chairman of celebration; A. O. Sowell, Leon Carmichael, H. S. Bryans, county commissioners, and E. L. Reagan, state senator.

DEATH OF NEGRO STAYED BY COURT

Atlanta attorneys for John Downer, Elbert county negro under sentence of death, were notified Friday that the United States circuit court of appeals in New Orleans had ordered further hearing on the negro's plea that while a mob threatened violence, he was hastily tried and convicted of criminal assault on a white woman. The court heard arguments in Atlanta the first Monday in October and this, their decision, virtually assures a new trial for the condemned man.

The arrest of the negro took place last May 18 when he was lodged in the jail at Elberton, around which a mob gathered, necessitating the appearance of national guardsmen to maintain order. Downer was tried within three days and given the death sentence.

Following the conviction, Atlanta attorneys entered the case and an appeal was made to federal district court of middle Georgia for a reversal of the superior court sentence. Judge

Three Grid Battles Take Spotlight on Day's Slate

Georgia football fans today will divide their attention among three gridiron battles where native sons will defend their colors against gridiron foes.

Out on the turf at Grant field the Yellow Jackets of Georgia Tech will meet the Fighting Gators from the University of Florida at Gainesville. The game, expected to be one of the greatest battles fought at the Flats this season, will start at 2 o'clock sharp.

Municipal Memorial stadium at Columbus will vie with Grant field in attracting attention. On that field of battle the Red and Black warriors of the University of Georgia will take their stand against the Fighting Tigers from Auburn, Ala. The Bulldogs will face an inspired Tiger this afternoon, while they themselves appear to be in a listless state, according to their own reports.

Complete accounts of all the important games, along with reports of others, will be found in Sunday's Constitution sports section.

FETE OF PROGRESS IN HENRY COUNTY

BY HENRIETTA L. TURNER.
McDONOUGH, Ga., Nov. 20.—"Progress Day," signifying the material and historical development of McDonough and Henry county throughout the 110 years of their existence, was celebrated at McDonough Friday.

Thousands of local citizens and hundreds of visitors attended the festivities which lasted all day and far into the night. A pageant, written by Mrs. Hattie Sue Lowe Sloan, descendant of Henry county pioneers, was the feature of the program. It was estimated that 5,000 people witnessed the pageant.

For more than a hundred years Henry county has been an important factor in the development of Georgia. Known as the mother of counties, she has lived to see Newton, DeKalb, Fulton, Campbell, Butts, Clayton, Spalding and Rockdale counties formed partly from her original territory. Her maternal instinct has been so enduring that she has gladly

Policeman Suspended On Charge of Drinking

Patrolman A. L. Green was suspended from the Atlanta police force Friday afternoon on a charge of alleged drunkenness, according to police reports. The order of suspension came from Chief of Police James L. Beavers following investigation by Lieutenant Jack Malcom, it was said. In response to a telephone call, Chief Beavers sent Malcom to the corner of Peachtree and Pryor streets, where Green was on duty. Malcom reported that Green was allegedly under the influence while patrolling his beat, it was said. Green will be tried before the police trial board which meets next Thursday, it was thought.

KOSNOFSKY CASE READY FOR JURY

Pomeroy To Charge Body This Morning; Lee Learns Fate Today.

Faced by the demand of the state for his life in atonement for the murder of Bennie Lichtenstein, wealthy grocer-sportsman, who was slain in his 328 Ponce de Leon apartment on the night of September 21, Harry Kosnofsky, 20, today may learn his fate. Judge Edgar E. Pomeroy will charge the Kosnofsky jury at 9 o'clock this morning, and the jury is expected to retire for deliberation at about 9:40 o'clock.

Arguments were concluded late Friday night as M. G. Hicks, of defense counsel, pleaded for his client with the charge that "capital punishment is the poor man's institution," and attempted to inject into the case the trials of George Harsh and Dick Gallogly, collegiate killers, who are now serving life sentences for murder. He was stopped from further references to the Harsh-Gallogly case.

Today will also be an important event in the life of another man, J. D. Lee, alias Sumner Compton, co-defendant of Kosnofsky. Lee, accused by the state as the man who fired the shot which snuffed out the life of "Big Ben," will be brought before Judge Pomeroy for sentence. The jury found Lee guilty of murder, without recommendation, but counsel for Lee will ask Judge Pomeroy to impose a life sentence in a circumstantial evidence case.

Boydin Ridicules Defense.
All of the powers of ridicule were brought into play by Solicitor-General John A. Boydin as he dealt with the claim of Kosnofsky that Lee coerced him into going to the murder scene at the point of a gun. "Lichtenstein was marked for robbery, and the robbery was marked for murder, but the crime was not committed," Boydin said. "The criminal mind is incapable of executing a crime. Concealment is an evidence of crime. All crime is based on ego. The criminals think that they are smart enough to defy the laws of God and man, and they are so egotistical that they cannot see their own utter stupidity. They get by with some of it. The pity is, they get by with it too much."

Boydin pointed out that under the law the state could prove conspiracy by circumstances, results and deduction. Kosnofsky put in enough in his statement to save himself, by claiming

Delay in Start Forces Lindbergh To Hold Clipper in Cuba Overnight

CIENFUEGOS, Cuba, Nov. 20.—(AP)—By Pan-American Airways Radio to Miami.—Colonel Charles A. Lindbergh sailed a new queen of the skies on her maiden commercial voyage today into Latin America, after a late arrival here, decided to remain overnight instead of proceeding to Kingston, Jamaica, as scheduled.

Colonel Lindbergh, flying Pan-American Airways' giant American clipper, did not wish to risk a night landing at Kingston with his 33 passengers. The seaplane took off from Miami 1 hour and 45 minutes late this morning, due to last-minute motor trouble.

He will resume the voyage tomorrow when he lifts the plane out of the water toward Kingston and Cristobal, Canal Zone.

A gala welcome, with most of the city's populace joining for a first glimpse of the celebrated aviator, was accorded the clipper and her passengers and crew here. Similar celebrations are planned along the way as

the flying colonel plies his way across the Miami-Kingston-Barranquilla-Cristobal route for the first time. Inauguration of the American clipper into commercial flying service received several delays before the huge seaplane finally rose smoothly off the water in Miami this morning. Colonel Lindbergh's plans to arrive in Miami last Sunday were altered on three occasions, once by a proposal to fly from New York to Washington and twice by his inability to leave New York for Miami because of heavy fog.

A broken starter motor, discovered after the 33 passengers and more than 200 pounds of mail were ready for the take-off for Cienfuegos, delayed the start until 11:13 a. m. Colonel Lindbergh took the controls for the first one and one-half hours of today's flight but turned them over to Mate Pilot Basil Rowe at 12:32 p. m. The clipper settled down in the bay here at 1:32 p. m., two hours and 19 minutes after the Miami take-off.

TROOPS TO STAY, JAPAN DECLARES; NO PEACE-CHINA

Tokyo Threatens To Recall Envoy for Consenting to Armistice; Must Evacuate, Says Chinese Spokesman.

SOVIETS' MESSAGE WARNS NIPPONESE

Kellogg Calls for Concerted Action of Nations Under Terms of Pact He Fathered.

By The Associated Press.

Both China and Japan emphatically denied any agreement for an armistice, as announced by the League of Nations secretariat in Paris.

The Chinese spokesman said he could not agree to any proposal which did not stipulate evacuation by the Japanese army.

The Japanese government today (Saturday) rejected as "unthinkable" the reported armistice proposal.

Tokyo instructed its delegate at the League of Nations council in Paris concerning this decision.

Earlier in the day secretariat officials said both Japan and China had approved the appointment of an impartial commission of investigation.

Foreign Commissar Litvinoff, of Russia, expressed concern in a new note to Japan test widening Japanese military activities in Manchuria involve the interests of Russia. The activities of opposing armies on the Manchurian front were clouded at Mukden by breakdown in communications. The first Japanese casualties from the capture of Tsitsihar arrived.

President Chiang Kai-shek received the approval of the Kuomintang congress at Nanking to go to Manchuria and assume command. Martial law was invoked at Tientsin again after firing had resumed, and the situation quieted down.

Wheat broke heavily in Chicago on the basis of dispatches from Paris.

ARMISTICE UNTHINKABLE.

JAPANESE DECLARE

BY JAMES F. ROWE.

TOKYO, Nov. 21.—(Saturday)—(AP)—The Japanese government today rejected as "unthinkable" proposals for a so-called armistice in Manchuria. Instructions concerning the government's decision were sent to Kenkichi Yoshizawa, the Japanese delegate at the League of Nations council meeting in Paris.

Reports of the purported armistice caused the greatest surprise in official circles.

"Acceptance is unthinkable," an official spokesman said.

\$10,000 Fund To Help Needy Expected From Sunday Shows

Legion Drum Corps Will Parade Streets Today To Remind Atlantans of Opportunity To Aid.

Setting \$10,000 as the minimum harvest to be reaped Sunday in the Sunday theater presentations for the benefit of the mayor's relief commission, Trammell Scott, commander of Atlanta Post No. 1, American Legion, sponsoring the shows, Friday announced that the rattle of drums and

the blare of trumpets of the drum corps of the organization today will remind Atlantans of the opportunity. The corps will parade through downtown Atlanta beginning at 2 o'clock this afternoon and will play selections in front of the leading theaters in the interest of the drive.

"Members of the Legion are wholeheartedly in favor of this show to aid charity," Major Scott said. "We want to contribute every ounce of energy possible to insure its success. The woman's auxiliary, handling the ticket sale, is as enthusiastic as the most optimistic officer."

"We are counting on generous Atlantans to respond to this appeal. Every theater in Atlanta has joined in the move. They have agreed to devote themselves unstintingly to its success. Employees are giving their services. It is our contribution to Atlanta's needy in addition to what we already have made."

"No greater manifestation of the keen interest could be displayed and no greater tribute to the civic responsibility of our citizens could be made than to fill every seat available for the Sunday shows."

"A large army of employees have given without a cent's remuneration their time for the shows, actors and

Ultra-Short Radio Waves Developed by Marconi

GENOA, Italy, Nov. 20.—(AP)—Government wireless experts today approved Senator Guglielmo Marconi's experiments with radio telephone transmission on a wavelength of only 30 centimeters—about a foot and a half.

The inventor calls the extremely short wavelengths "quasi-optical" because they behave practically like light waves. The new apparatus, on which he has been working for many months, will be used to connect Italy by telephone with its island possessions.

performers are giving theirs, and the theaters are turning their houses over to us. These people are giving their talents, their time and their only means of livelihood to help Atlanta."

"All funds collected from ticket sales will go directly to the mayor's commission. Not a cent will be taken out for any expense."

WILMINGTON BROKER FREED FROM CHARGES

RICHMOND, Va., Nov. 20.—(AP)—The state of Pennsylvania today withdrew extradition papers for David N. Chadwick, Wilmington (N. C.) broker, held here for possessing and attempting to negotiate bonds allegedly stolen from a Philadelphia bank.

A Philadelphia detective here for an extradition hearing set for this afternoon returned and J. W. Erb, private detective agency manager, told Governor Pollard that the papers were withdrawn because there was no available evidence to show that Chadwick had been in Pennsylvania.

PENNY CLUB DAY BY DAY

BY MRS. THOS. K. GLENN

BY MRS. T. K. GLENN. Miss Mary Goddard collects from the schools which have junior penny clubs. Friday morning she brought in 2,807 pennies from Washington seminary and 1,537 from the North Avenue Presbyterian school. This is a splendid showing for the girls who are penny club treasurers in their homes. When the junior penny clubs were first organized in the private schools by Mrs. Omar Elder the students subscribed to the plan 100 per cent. The children are catching the spirit of giving and are not permitting anyone to eat a meal in their homes until they have first deposited a penny in the penny club bank.

If everyone would deposit regularly, one penny for each meal they eat from now until March 1, we would not have to be asked the following questions that were asked recently in a column in one of the daily newspapers:

"Ever out of a job?"

"Ever wonder how a jobless man feels who has tramped for weeks on an empty stomach in broken shoes?"

You're going to meet hundreds of such men this winter. Not "professional loafers" or beggars. Decent fellows who have not tramped before, who you'll want to help. But how? The question "But, how?" has been answered for Atlantans by the organization of the Penny Club. Everyone can afford to give one penny for each meal they eat, if they have any income at all, no matter how large or small. If all Atlantans who have any income will contribute regularly to the Penny

Club we will not have any men tramping our streets this winter broken in heart and spirit.

If the "Made Work Plan" pay rolls are to be met regularly, we must have a large band of regular "givers," for it will be by regular giving that the Penny Club will be able to maintain a regular pay roll of the "Made Work Plan."

As the winter, with its trials for the unemployed approaches, don't pass by a Penny Club box with any pennies in your pockets. There are 3,000 boxes placed throughout the city for your convenience. If you prefer to pay 90 cents a month or all in advance, send your check to the Penny Club, 42 Edgewood avenue.

JAMES B. NEVIN IS LAD TO REST

Associates, Friends Pay Final Tribute to Famous Journalist.

Georgia's foremost citizens paid final tribute Friday to James Banks Nevin, famous editor of The Atlanta Georgian, who died from heart failure Wednesday night. Throngs in two cities, Atlanta and Rome, gathered to honor the Georgia journalist as he was laid to final rest near his old home at Rome.

Following impressive ceremonies at Spring Hill, at which the Rev. W. W. Menninger and Dr. Louis D. Newton officiated, Friday morning the body was carried to Rome for interment. Expressions of sorrow and sympathy poured in to members of the Nevin family and relatives from leading citizens throughout the state.

Delegations from the University of Georgia, Emory, Georgia Tech, and other educational institutions were honorary escorts at the rites here and at Rome. Pallbearers were Clark Howell, editor of The Atlanta Constitution; Major John S. Cohen, editor of The Atlanta Journal; Herbert Porter, vice president and general manager of the Atlanta Georgian; Otis A. Brumby, editor of the Cobb County Times; J. R. McGinty, editor of the Calhoun Times; T. S. Shope, editor of the Dalton Citizen; Will Patton, of the Rome News-Tribune; Elam F. Dempsey, editor of the Wesleyan Christian Advocate, and Waynes McFadden, editor of the Southern Banker. They were appointed by Louis Morris, president of the Georgia Press Association.

Rites in Rome were conducted at the graveside at the Myrtle Hill cemetery with the Rev. J. D. Saumenger, rector of the Rome Episcopal church, in charge. Many Atlantans accompanied the funeral cortege to Rome. One died in the chapel here. Old friends of Mr. Nevin's boyhood days in Rome attended the services there. Mr. Nevin was stricken by a heart attack in his office at the Georgian Wednesday afternoon just as he finished dictating one of the editorials which have made him known throughout the south, commanding the respect of southern leaders. He was carried to St. Joseph's hospital, where he rallied for a while, but lapsed into a comatose state from which he did not emerge.

WAREHOUSEMEN NAME LOWRY AS PRESIDENT

E. C. Lowry, of Montgomery, Ala., was elected president of the Southern Warehousemen's Association at the closing session of the convention at the Henry Grady hotel Friday. The election of officers and addresses by C. J. Hamilton, of Baltimore, and Elmer Erickson, of Chicago, president of the American Warehousemen's Association, featured the final meeting. Other officers elected were W. J. Inglis, president of the Cathcart Van and Storage Company, Atlanta, secretary, and John J. Woodside, of the John J. Woodside company, treasurer. Elected directors were W. H. Deering, Memphis; R. B. Young, Savannah; C. F. Brooks, Richmond; E. T. Chadwell, Nashville; D. B. Dodson, Knoxville; George C. Harris, Birmingham; Charles L. Lentz, Winston-Salem; C. Boineau, Columbia, and W. T. Callahan, Miami.

Among those attending the convention, which began Thursday, were a large group of officials and members of the association and its allied groups, among them officials of the National Association and the National and Southeastern Associations of Furniture Warehousemen. A banquet and dance were held at the Henry Grady Thursday and a theater party ended the social activities.

DAMAGES OF \$20,000 GIVEN INJURED BOY

A verdict for the full amount sued for in a damage suit was returned before Judge Virlyn B. Moore in superior court Friday when a jury awarded Richard Altobelli, 940 West Peachtree street, N. W., former Tech athlete, \$20,000 for injuries received on October 25, 1929, when he was struck by a car driven by Erwin Favors, negro restaurant owner. Altobelli, former football and basketball player, alleged that both of his legs were broken and that he was confined to the Georgia Baptist hospital for seven months and lost an entire year at school. He alleged further that he has been made a cripple. The law firm of Hewlett & Dennis represented him and they brought out that a car driven by the negro struck the student on Parkway drive, and that Favors was fined in criminal court of Atlanta for the accident. A jury after 10 minutes' deliberation awarded the young man the full amount. Favors operates a cafe on Fort street, it was said.

W. GORDON BURNETT FILES \$385,000 SUIT

Suit to recover \$385,000 from the Interstate Amusement Company was filed by W. Gordon Burnett, of 3396 Peachtree road, N. E., in federal court at St. Louis, Mo., Friday, dispatches received here stated. Two St. Louis men also are named in the suit. Mr. Burnett, who is president of the Consumers Ice Company here, could not be reached for a statement Friday, but it was reported that the suit involves a theater building in Birmingham, Ala. The St. Louis suit alleges that the amusement company and Parker N. Woods and Eugene F. Williams became indebted to Mr. Burnett in 1925 for the sum of \$385,000. Later the company sold its properties to the RKO Southern Corporation, and that Mr. Burnett's claims were not satisfied, the suit says.

PENNY CLUB SEEKS BOGUS COLLECTOR

When a man represented himself to her as Sterling Gresham, chief operative of the Stores Mutual Protective Association, Mrs. Eugene Dickey, assistant chairman of the Penny Club, Friday allowed herself to be persuaded into giving the man written authority to take the accumulation of pennies from boxes in various stores. Then Mrs. Dickey had a second thought, and she telephoned to Mr. Gresham.

Mr. Gresham was surprised. He assured Mrs. Dickey he had not the slightest intention of taking up the collection. So Mrs. Dickey got in touch with the police, giving them a description of the spurious "detective." Store merchants are warned that there is a fake coin collector on the loose, who has, apparently, a keen eye out for pennies.

Hindu "Messiah" Quits Leadership Of Theosophists

LOS ANGELES, Nov. 20.—(AP)—Jeddu Krishnamurti, young Hindu philosopher, once regarded by thousands of followers as the reincarnation of Christ, has cast aside the Messianic mantle put upon him by the note theosophist, Mrs. Annie Besant. The philosopher, in a copyrighted story in the Los Angeles Examiner, revealed today his break with the international theosophist organization. "They called me the Christ," he said. "But Christ is potential in all. Furthermore, I am no actor."

Krishnamurti said he had returned to their original owners the castle Eerde at Ommen, Holland; an estate at Ojai, Cal., and homes, lands and chattels that were forced upon me by well-meaning friends."

NEW READY-TO-WEAR SHOP TO OPEN TODAY

Flora Dora Dress Shop, Atlanta's most recent entry into the woman's clothing field, will formally open for business this morning on the ground floor of the Volunteer building, at the corner of Broad and Luckie streets.

The new shop will be under the management of Robert E. Katz, who has had a number of years' experience in the ready-to-wear business, having operated in other cities with unusual success.

A complete line of dresses, coats and millinery will be featured in the shop, the opening announcement says, and connections have been established with New York which will enable the concern to show the latest creations with new styles arriving daily.

W. GORDON BURNETT FILES \$385,000 SUIT

Suit to recover \$385,000 from the Interstate Amusement Company was filed by W. Gordon Burnett, of 3396 Peachtree road, N. E., in federal court at St. Louis, Mo., Friday, dispatches received here stated. Two St. Louis men also are named in the suit. Mr. Burnett, who is president of the Consumers Ice Company here, could not be reached for a statement Friday, but it was reported that the suit involves a theater building in Birmingham, Ala. The St. Louis suit alleges that the amusement company and Parker N. Woods and Eugene F. Williams became indebted to Mr. Burnett in 1925 for the sum of \$385,000. Later the company sold its properties to the RKO Southern Corporation, and that Mr. Burnett's claims were not satisfied, the suit says.

PENNY CLUB SEEKS BOGUS COLLECTOR

When a man represented himself to her as Sterling Gresham, chief operative of the Stores Mutual Protective Association, Mrs. Eugene Dickey, assistant chairman of the Penny Club, Friday allowed herself to be persuaded into giving the man written authority to take the accumulation of pennies from boxes in various stores. Then Mrs. Dickey had a second thought, and she telephoned to Mr. Gresham.

Mr. Gresham was surprised. He assured Mrs. Dickey he had not the slightest intention of taking up the collection. So Mrs. Dickey got in touch with the police, giving them a description of the spurious "detective." Store merchants are warned that there is a fake coin collector on the loose, who has, apparently, a keen eye out for pennies.

QUAKER CITY PAYS HOMAGE TO GRANDI

Italian Foreign Minister
Closely Guarded During
Visits to Two Cities.

PHILADELPHIA, Nov. 20.—The echo of his New York reception still ringing in his ears, Dino Grandi came to Philadelphia today to hear the acclaim of further thousands and to be whisked from one reception to another.

Here for a brief 24-hour stay, the Italian foreign minister expressed delight at the evident result of his mission.

"The valuable words which have been spoken from the White House on peace and disarmament have found a deep echo in our hearts," he said.

He arrived early in the afternoon, only a few minutes after Signora Grandi had arrived on another train from Washington. The vivacious signora did not accompany Signor Grandi on his New York visit.

Tonight the foreign minister and his wife were guests of honor at a large dinner tendered by the Sons of Italy at the Bellevue Stratford hotel.

Signor Grandi spoke feelingly at a luncheon at the Penn Athletic Club on the friendship existing between his country and the United States. Mayor Harry A. Mackey presided and in welcoming the guest of honor said Philadelphia was in entire sympathy with the minister's mission.

The railroad stations were guarded heavily by policemen. The places visited by the Italian party also were guarded.

On the ride from the station to the athletic club, a youth dashed out from the curb and jumped on the running board of the foreign minister's car. He was quickly pulled off and arrested.

He gave his name as Orlando Spartaco, of Philadelphia, and said he was 26 years old. His only explanation for his action was that he "hated Grandi."

Police said when he jumped on the side of the car he waved a red handkerchief and shouted: "Down with Mussolini," "Down with Grandi," and "To — with fascism. You're murdering our Italian youth." He is still held by the police for investigation.

After the luncheon, the Italian party made an official visit to Mayor Mackey in city hall. Then, under a heavy police escort, they went to Independence Hall.

The Italian minister signed the visitors' book, sat in the chair used by John Hancock, one of the signers of the Declaration of Independence, and inspected the Liberty Bell. He said he was "greatly honored."

GRANDI CLOSELY GUARDED
ON VISIT TO NEW YORK
NEW YORK, Nov. 20.—(UP)—Guarded by the largest body of Manhattan police ever called out for the protection of a single individual, Signor Dino Grandi, Italy's spade-bearded foreign minister, came to New York today for the traditional Battery-to-city hall reception.

Uniformed officers stood arm-to-arm along the route of the parade which carried the visiting diplomat; members of the bomb squad, each acquainted with the faces of most of New York's anti-fascists, mixed in the sidewalk throngs along Broadway and in city hall plaza. Detectives from the city force and special agents of the state department formed a seemingly impenetrable cordon around Signor Grandi during every moment of his stay.

A special detail of police stayed on duty at the offices of J. P. Morgan and Company, a post they had maintained all last night as a result of bomb plot threats.

The Italian statesman's two-hour stay in the city, however, was not marred by any serious disturbance, though several incidents gave the army of policemen an opportunity to display their force.

One man shouted, "Assassin! Assassin!" as Grandi passed up Broadway in the parade. He was in the midst of a group of fascists who leaped upon him, knocked him down and were beating him when a squad of police closed in and rescued him.

More than 2,000 uniformed officers stood along the route of the procession from the Battery to city hall. They faced the side, alk crowds, their backs to the parade, in order that they might watch every move on the part of spectators. It was noted that they also kept close watch on the windows of office buildings above the street.

Armed men were placed at vantage points on top of many of the buildings. A number of posters declaring that Grandi is "wanted for arson and murder" were stuck up along the route.

On several occasions jeers were heard, though for the most part they were drowned out by the shouts of acclaim.

TURNER TO OPPOSE SIMMONS AS CLERK

Acting because of alleged "general dissatisfaction" over the incumbency of J. W. Simmons as clerk of the Fulton superior court, members of the Thousand-and-One Democratic Guards met Friday afternoon in the offices of Dr. O. E. Collins, voted to draft a candidate to succeed Simmons and nominated Lawson F. Turner, general counsel for the Atlanta Hotel and Restaurant Association, to run against the incumbent in the primary next March.

Although he announced he was reluctant to enter politics, Mr. Turner accepted the nomination.

**HIT BY AUTOMOBILE,
BOY SERIOUSLY HURT**

Struck by an automobile as he started into his path at Buena Vista avenue and Pryor street, Ralph Brennan, 9, of 908 Pryor street, was seriously injured late Friday afternoon. He was carried to Piedmont hospital by R. E. Carroll, of 312 Neely avenue, driver of the car, for first aid treatment, and later was transferred to Grady hospital.

Both the boy's legs were badly fractured, his collarbone broken, and he received serious cuts and bruises about the head, it was said at Grady. Carroll reported the accident to police Friday night. No case was made pending investigation.

J. P. Worthy, Route 2, Decatur, was carried to Grady in a serious condition Friday night following an accident in an automobile wreck which severely injured Mr. and Mrs. M. G. Caldwell, as they backed their car from their home at 697 Moreland avenue, where they were hit by an automobile driven by Worthy. They were treated at their home by private physicians, it was said.

**MRS. W. E. R. BYRNE
NAMED HEAD OF U. D. C.**

JACKSONVILLE, Fla., Nov. 20.—(AP)—Selection of Memphis as the 1932 convention city and submission of reports occupied today's entire session of the 38th annual gathering of the United Daughters of the Confederacy here.

Memphis was selected for the next convention by acclamation. No other invitations were presented after the strong bid submitted by the Tennessee city.

One of the highlights of today's gathering was the voluntary subscription by states of several thousand dollars to a benevolent fund to be distributed among aged women of the Confederacy, for whom there has been no other financial provision. Twenty-three members participated in raising this fund.

During the morning session cups, prizes and other awards for meritorious service to the population of the U. D. C. and the progress which has been made by the organization in educational work.

Other committees which submitted reports during the afternoon included the committee on the Jefferson Davis bust dedication at Transylvania College, Davis' alma mater; the benevolence committee, the transportation committee; the constitution and by-laws committee, the business committee and the report on the Confederate museum.

With the close of the convention set for tomorrow night, the delegates met again tonight for a continuance of reports.

A dance at the Yacht Club tonight, honoring pages of the convention, was one of the brilliant social functions of the season.

Receiving were Mrs. J. L. Medlin, of Jacksonville, general chairman of the convention; Mrs. J. Sumter Rhame, Charleston, S. C., chairman of pages; Mrs. T. J. Burney, Waynesboro, Miss., vice chairman, and Mrs. P. H. Odum, Jacksonville, vice chairman.

Members of the young social set who were honored at the ball were special pages to the present general, Mrs. L. M. Bashinsky, of Troy, Ala., and division pages from the various states.

Among the division pages honored were the Misses Wilma Orr, Fort Valley, Ga., and Dorothy Bell, Decatur, Ga.

**WOMEN OF CONFEDERACY
GIVE OLD AGE HELP**

TAMPA, Fla., Nov. 20.—(AP)—Some three dozen aged gentle women, widely scattered over the United States, are having the evening of life illumined by the gentle glow of friendship from the old south.

Once each month they are cheered as only life's left overs can be, because the late Mrs. Norman V. Randolph, of Richmond, Va., established a fund for needy Confederate women. This fund is supported by the various chapters of the United Daughters of the Confederacy and Children of the Confederacy. It is distributed under the direction of Mrs. Amos H. Norris, of Tampa, Fla., general chairman.

The beneficiaries have all passed their seventieth milestone. This is a requirement. They must be sisters, daughters or mothers of those who served the Confederacy, or must have given of their own time. Widows who receive Confederate pensions are not eligible to aid from this fund.

**HENRY GRADY HOTEL
PAYS BONDHOLDERS**

Checks for \$37,500 in interest and principal payments have been forwarded to holders of Henry Grady hotel bonds, it was announced Friday by Cecil Cannon, head of the group which operates the hotel.

Of the sum paid, \$27,500 represented interest on the \$750,000 worth of bonds outstanding while the remaining \$30,000 was for the retirement of bonds to that amount.

Mailing of the checks revealed that holders of the bonds, the original issue of which was \$1,000,000, reside in every state in the Union and one payment was sent as far as China.

**"INDEPENDENCE" BILL
PASSED IN COMMONS**

LONDON, Nov. 20.—(AP)—The statute of Westminster bill, which sweeps away the theoretical supremacy of the British parliament over those of the dominions, passed on second reading in the house of commons today without a division.

J. H. Thomas, who introduced it as secretary for the dominions, described it as "in one sense the most important and far-reaching bill that has been presented to parliament for several generations."

The bill gives effect to resolutions passed by the imperial conferences of 1929 and 1930. By those resolutions, the dominions obtained virtual independence and the bill merely legalizes an existing state of affairs.

N. C. WILL NOT JOIN IN COTTON PARLEYS

Gardner Unwilling To Drop
'Live-at-Home' Plan for
Law Making.

RALEIGH, N. C., Nov. 20.—(AP)—Governor O. Max Gardner, in a formal statement late today, said North Carolina would not join other southern states to effect cotton acreage reduction through legislation.

He said he would not attend the conference of governors of cotton-growing states Monday at Jackson, Miss., because he was "unwilling to ditch" this state's "live-at-home" program "and substitute experimentation in legislation for acreage reduction."

The governor declared his invitation to the Jackson meeting "states that the conference is being called to make plans for uniform legislation to reduce cotton acreage in 1932" and "in so far as North Carolina is concerned, legislation does not offer the most promising remedy or relief."

"I have advised Governors Bibb and Parrish that I am in full sympathy with the policy of acreage reduction; that for two years North Carolina has been constructively committed to reduction in cotton acreage and to an increasing substitution of food and feed crops as cotton acreage is reduced," Governor Gardner said.

"That next year we shall enlarge our policy of live-at-home farming, which was indorsed at the four-governor conference in Charlotte last week, and that we are unwilling to ditch the program that is already working successfully in this state and substitute experimentation in legislation for acreage reduction—that in so far as North Carolina is concerned, legislation does not offer the most promising remedy or relief."

**"TOUCHDOWN" FEATURE
ON NEW GEORGIA BILL**

An engrossingly different story—a splendid cast of screen players—some of the finest football players in the game—beautiful photography and excellent direction. "Those are some of the factors that go to make "Touchdown," the feature picture starting today at the Keith Georgia theater.

If you like football, thrills, glorious laughs or drama, you will find them all in this surprising picture. It is unlike anything you have seen before. It rises head and shoulders above other college pictures. Richard Arl, Peggy Shannon, Jack Oakie, Regis Toomey, Charles Starrett, George Barbier and J. Farrell MacDonald are among the players.

New Stage, Screen Programs At Atlanta Theaters Today

WILL ROGERS' LATEST

FEATURE AT THE FOX

Another broadly humorous feature picture with Will Rogers, the best loved comedian in America, opens the Fox Fiesta of Hits with the new show which is to be seen at the big Peachtree and Peachtree street house today.

"Ambassador Bill" is the title of the production and it is eminently suited to Rogers' peculiar type. It is the story of a raw Oklahoman who is appointed ambassador of the United States in a little European country torn with several revolutions a week.

On the stage the Fanchon and Marco "idea" for the week is "Exotique," produced by Marco himself with one of the greatest groups of Sunlight Beauties ever assembled adding pep and beauty to gorgeous stage settings and a company of notable principals.

Enrico Leide and the Fox Concert orchestra, Al Evans at the organ and the usual excellent collection of Fox short screen subjects round out the bill.

**"EX-BAD BOY" OFFERED
TODAY BY THE CAPITOL**

The feature of the new program at the Capitol this morning is "Ex-Bad Boy" with Robert Armstrong and Jean Arthur heading the cast. It is a Universal picture. The usual news-reel and short subjects are also on the program.

Beginning with a midnight performance next Wednesday, the Capitol has announced the coming of "Frankenstein," the sensational Universal picture made from the classic story of Mary Wollstonecraft Shelley.

**MARTIN JOHNSONS
APPEAR NEXT WEEK**

The announced appearance of Mr. and Mrs. Martin Johnson at the Paramount theater next week, in conjunction with the showing of their latest motion pictures, made in darkest Africa, will be the first time this famous pair of explorers and modern adventurers have ever visited in Atlanta.

A fortunate chance enabled the Alhambra Bureau to secure them for Atlanta during Thanksgiving week and, with the Paramount theater available, they consented to bring their pictures and lecture there for five performances at prices even less than those commonly charged at many of the regular picture houses.

The picture, "In the Country of the Gorillas," and the lectures by the Johnsons will be given at 3 and 8 o'clock on Tuesday and Wednesday.

Headlining the new vaudeville bill are Anne, Judy and Zeke, "The Three Georgia Crackers." This trio offers rural comedy, songs and dances. The Lee twins and their "Six Rhythmic Steppers," offer an all-girl dance act. Jack North, "The Intimate Ban-Joke-Ster," promises plenty of good comedy. Eddie and Jenny Browne do a trapeze act.

Vincent Kay and his Georgianians will offer another delightful overture.

Dr. Rembert G. Smith, Sparta pastor, who was suspended from the North Georgia Methodist conference for alleged "unministerial conduct," will teach Mayor James L. Key's great inter-denominational Bible class Sunday morning at the Capitol theater, and members of the board of stewards of the Sparta church who quit their posts when Smith was ousted have been invited to be present and sit on the rostrum.

Dr. Smith informed The Constitution Friday night that he would be glad to accept the invitation, which the mayor extended by telegram Friday.

Ben Brooks, president of the class, announced he had wired every member of the board of stewards who quit their posts when the conference declined to send Dr. Smith back to them after his secret trial behind closed doors, to be present and to sit on the platform.

Smith has been a storm center of the conference and of Methodism for the past several years because of his vigorous opposition to political pastors and heads of the church.

Key announced he had invited Dr. Smith to teach his class Sunday morning, and said, "I will introduce him if he accepts and will have a little something to say myself."

**TENNESSEE ATTORNEY

JACKSON, Tenn., Nov. 20.—(AP)—Dewitt T. Henderson, Jackson attorney, defeated N. R. Barham in the race for chancellor of the newly created 14th district in yesterday's election on the face of unofficial returns. The vote was 3,433 to 2,568. Barham has been serving as chancellor under appointment of Governor Henry H. Horton.

There will be a special matinee for school children at 10 o'clock on Thursday morning, Thanksgiving Day.

AINSWORTH CALLS FOR PROHI STAND

Southern Political Leaders
Must Hold Firm on
Issue, Bishop Declares.

MONTGOMERY, Ala., Nov. 20.—(AP)—Southern Methodists of the Alabama conference today heard a call from Bishop W. N. Ainsworth for a statement of position on prohibition by southern political leaders.

Last Monday Bishop Warren A. Candler warned preachers of the South Carolina conference to "stick to their jobs and leave politics alone."

Bishop Ainsworth told the Alabama conference unity of southern leadership could "save the nation for sobriety." He said the church was not concerned with party politics but added it did not mean to surrender the ground gained in prohibition.

"We want a statesmanship in the south," he said, "that will not trust before the lash of any leader whose purpose in politics is to relieve the country of what he is pleased to call the damnable affliction of prohibition."

He said opponents of prohibition are "now maneuvering for a strategic position in politics with the church forewarned to keep out. On the first lines of attack is to intimidate and browbeat the preachers and churches of the country into silence."

Nothing would so please these politicians as to see the church lashed about mansions in the skies and letting the White House alone next year."

He asked if southern politicians would present a solid prohibition front "or betray us."

Bishop Candler, in closing the South Carolina conference at Sumter on Monday, told the preachers: "I have never known a single vote to be changed by a preacher's talking and often the church is harmed by a minister meddling in politics."

Showery Weather Seen for Grid Game

Today will see more cloudy weather for Atlanta, with occasional showers according to C. F. von Herzmann, meteorologist. The temperature will remain about the same as that of Friday, when the mercury ranged between 81 degrees for a minimum and 74 for its maximum.

The showers of Friday amounted to only .20 of an inch, said Mr. von Herzmann, and the city will do well to get as much as one inch of rain out of the entire little rainy spell now being experienced. "We got only .51 of an inch from the first part of the spell," he declared, "and Friday there was only .20 of an inch. We will be fortunate if with today's light showers we get an inch for the whole period." He thinks that fall weather is to return shortly.

**WORLD COURT PLAN
FACES NEW DELAYS**

WASHINGTON, Nov. 20.—(AP)—The Root plan for World Court action is destined for a long wait before receiving the attention of the senate.

Senate leaders have determined that action on this controversial question must wait until emergency legislation is out of the way. Advocates of adherence have acquiesced.

The treaty is scheduled to come before the foreign relations committee December 10, under an agreement reached at the last session. There is no disposition to delay it in committee, but it faces a heavy calendar in the senate.

Opponents of the court contend that whenever it comes before the senate they will have almost enough votes to prevent ratification, although the original protocol, with reservations, was ratified overwhelmingly five years ago.

have never known a single vote to be changed by a preacher's talking and often the church is harmed by a minister meddling in politics."

Pure, food, pure milk, pure water—
in all the things you eat or drink,
you want *absolute purity*.

Purity counts in cigarettes, too

Making cigarettes as pure as they can be made is our business. And it's *your* business, too—because you smoke them.

All the materials that go into the making of CHESTERFIELD cigarettes are tested again and again by expert research chemists to see that they are absolutely clean and pure. Just like the things you eat or drink.

The tobacco is pure. The right kind—mild, sweet and ripe! Handled throughout by the most modern machinery.

The paper is pure. Clean. White. The best cigarette paper that money can buy.

There is cleanliness in every step of CHESTERFIELD's manufacture. Old-fashioned methods have been discarded, and CHESTERFIELDS are made and packed in modern sanitary factories where even the air is washed, and changed every four-and-one-half minutes.

Every day more men and women are changing to CHESTERFIELD. And changing for good! Four big reasons clinch the choice: Milder—Taste Better—Pure—Satisfy.

Today marks the close of the first voting period of the Good Samaritan Buying Campaign. . . . More than twenty churches and charities are officially participating. . . . Each of these has officially entered the campaign by signing the nomination blank. . . . In signing the nomination blank in behalf of the church or charity as such or in behalf of one of the sub-divisions or branches, a bonus of 10,000 votes is received. . . . Each of these more than 20 churches or charities, therefore, which have entered start out with 10,000 votes to their credit. These are counted in this week's totals. . . . Those who have accumulated votes during the past week, or since the campaign opened, are urged to bring them down to Campaign Headquarters, 137 Peachtree Arcade, before 6 o'clock p. m. Saturday.

The first awards will be announced Tuesday morning, when the four churches or charities turning in the greatest vote will share in the first week's division of prize money.

VOTES TO BE COUNTED EACH WEEK MUST BE CAST BY SATURDAY 6 P. M.

Weekly Prizes to Churches or Charities Delivering Greatest Vote for Each Period. Totals to Be Carried Forward to Be Applied to Grand Prize Distribution at Close of Campaign.

ANNOUNCEMENT OF AWARDS EACH TUESDAY MORNING

One vote for each cent of expenditure in cash purchases from participating businesses or firms. One vote for each cent paid on account, provided such receipts are voted directly by the payee. In no case shall uncalled for receipts be given to any organization or individual by participating firm to be voted by other than payee.

Businesses and merchants are required to dispose of all uncalled for and unused cash register tickets, duplicate cash sales slips which might otherwise be collected by contesting organizations and voted.

The purpose and theory of the campaign is to make all tokens voted representative of actual transactions by interested individuals and organizations.

The cooperation of both the merchant and the individual is necessary to the full attainment of the purposes of the campaign—to stimulate buying. . . . to speed payment of accounts. . . . to generally improve community business.

The GOOD SAMARITAN CAMPAIGN offers substantial financial assistance to churches or charities of the community which may be interested in sharing a portion of the \$6,000.00 in cash which is to be awarded during the next six months.

The Good Samaritan Campaign is made possible by the merchants and businesses whose advertisements appear on this page. They have been inspired by the manifold good purposes its operation suggests, and churches and charities are invited to participate under the conditions suggested below.

No prizes will be given during the first week's operation, though all are urged to save their vote tokens and vote them for the double prize sum to be offered at the end of the second week.

NEW WIRE SERVICE IS GIVEN BUSINESS

Postal, Western Union
Vie With A. T. & T. in
Typewriter Innovation.

NEW YORK, Nov. 20.—(AP)—Spirited competition between the American Telephone & Telegraph Company on the one hand, and the Western Union and Postal Telegraph Companies on the other, began today in a new system of local and long-distance message communication.

The announcement of the new service marked the first time the Postal and Western Union, in their 40 years of rivalry, have joined in co-operation of connecting their wires and offering a joint service.

Automatic typewriter-telegraph instruments, with standard typewriter keyboards, will be offered for installation in homes and offices. The machines will be similar to those used for the transmission of telegrams and for the nationwide distribution of news by press associations.

Under the new system, a subscriber to the service may signal a central operator and have his machine connected with the machine of any other subscriber, whether the person is in the next building or on the other side of the country.

Two-Way Communication.
Then he will be able to engage in direct two-way communication with the person at the other end of the circuit by typing on his machine, which will send out electric vibrations that will cause the message to be automatically typewritten on the receiving machine.

The possibility of securing connections with any other subscriber in the country is comparable to the facility of telephone service. The fact that the "conversation" will be recorded by typewriter preserves one aspect of telegraph service.

The charge will be made by the minute instead of by the word. The A. T. & T. will require a guarantee of \$30 worth of business a month. The Postal and Western Union have not announced their minimum charge on their rates.

The A. T. & T. will charge approximately 20 cents for a five-minute local communication and about \$4.00 for a five-minute communication with San Francisco.

Inauguration of the service by the Postal and Western Union will begin in New York about December 1 and the system will be spread to other cities and towns as rapidly as the demand for the service spreads.

Large business houses with branch houses, which do a great deal of telegraphic communication, are expected to be the principal users of the service.

The simultaneous announcements were made by Newcomb Carlton, president of the Western Union; Colonel Sosthenes Behn, chairman of the International Telephone & Telegraph Company, parent company of Postal Telegraph, and by the A. T. & T.

The Postal-Western Union statement said a minimum charge will be made for a three-minute conversation, during which time 100 to 150 words can be transmitted, according to the sender's skill in operating a typewriter.

Western Union and Postal already have 10,000 typewriter-printers installed in business houses for direct communication with some single point. These subscribers, under the new system, will be able to secure a connection with subscribers of either of the two rival telegraph companies.

The announcement by A. T. & T. marked its entrance, in effect, into competition with the telegraph business.

At the beginning of the year there were 10,500 A. T. & T. typewriter-printers in use, utilizing 48 per cent of the system's private line wire mileage.

...BY GENE HINTON...

WILEY POST and Harold Gatty, whose round-the-world flight was generally regarded as the outstanding aeronautical achievement of 1931, will tell Atlantans of their experiences and their hardships in circling the globe when they deliver a lecture here on Monday, December 7. Their coming to Atlanta is sponsored by the local chapter of Disabled American Veterans, who

Friday had not decided where the personal appearance would take place. Post will explain to his audience the problems encountered by world-circling pilots, and Gatty probably will devote most of his time to discussion of the work required of the navigator. The pair will arrive here in their famous Lockheed Vega, the Winnie Mae, Sunday afternoon, December 6, from Auburn, Ala., where they are to talk before the student body of the Alabama Polytechnic Institute. The tour, which started from Charlotte, N. C., some days ago, will embrace most cities of the south. Leo Sauerborn, who is acting as advance agent, here Friday, said.

In the untimely death of Edwin K. Davis, lieutenant in the air corps reserve here, the Candler field unit lost one of its most valuable members, a member who not only had labored unceasingly for the advancement of the group, but who endeared himself to his fellow officers and the enlisted personnel by his fine personality. Lieutenant Davis was one of the best pilots in the outfit and made a splendid record as an aviator during the late war, when he acted as a test pilot many months.

As a demonstration of the affection in which he was held by his associates, a group of air corps reserve officers, flying in formation, circled Spring Hill during the funeral services Friday afternoon, and then flew over West View cemetery, where interment took place. The formation flight, appropriately enough, was led by three of Davis' closest friends: First Lieutenant Raymond R. Brown, air corps; Major Walter Stapler, of Birmingham, member of the Alabama national guard and the air corps reserve; and Major William L. Plummer, A. C. R. Other reserve officers who participated in the flight were Major D. W. Winfree and Lieutenants C. F. Carter, E. C. Davis, Frank T. Milstead, James d'Arcy and L. B. Neuberger. The formation was made up of training ships.

Describing the perils and hardships which beset her and Bobbie Trout, when the two aviatrices set a world's refueling endurance record for women, Edna May Cooper, movie actress and pilot, addressed the Atlanta post of the American Legion at its luncheon Friday noon. Miss Cooper told of her plans to write a daily story for a Los Angeles newspaper and how she promptly abandoned the idea on the very first day, when a tin can containing the story and attached to a tiny parachute became fouled in the elevators and she was forced to crawl back along the top of the fuselage and disengage it. Miss Cooper has been here for several days on a trip around the world.

Possibility that the airplane, for the first time in history, may be employed to destroy Georgia bridges condemned by the state highway commission, was seen Friday in the visit here by Major T. E. Van Nostrand and Lieutenant Ken Walker, who flew here from Maxwell field in a Douglas O-25 to confer with fourth corps area officials and members of the road board. The state, desiring watch the scenery.

"I'll never ride in an automobile again if there is an airplane going my way," Mrs. Alice M. Richardson, 81-year-old Louisville, Ky., woman said after arriving here Friday afternoon on a plane trip from Kentucky to Jacksonville, Fla., where she will visit one son, and to Miami, Fla., where she is to visit another. She left Louisville Friday morning over American Airways, but was forced to catch a train at Nashville when fog caused cancellation of the remainder of the flight south. This morning she will fly to Florida over Eastern Air Transport, Inc. "The trip was simply delightful," Mrs. Richardson said. The trip down must have been pretty rough, but Mrs. Richardson proved that she was a first-class traveler. "Do you know," she said with an amused twinkle in her eyes, "a Louisville newspaper sent a young woman reporter as far as Nashville with me. And the poor thing became air-sick and I spent all my time comforting her. I didn't have a bit of time to look over the scenery."

At the beginning of the year there were 10,500 A. T. & T. typewriter-printers in use, utilizing 48 per cent of the system's private line wire mileage.

AIRPORT BUILDING ACTION IS SOUGHT

Berman To Ask Consideration of Bid at Special Council Session.

Members of the aviation committee of council moved Friday to expedite start of erection of the new administration building at Candler field when Councilman Joseph E. Berman, chairman, said he would ask Mayor James L. Key to include consideration of the award to the Griffin Construction Company in a call for a special meeting of council to be held, probably November 27.

Following several conferences, the committee has agreed that it will recommend acceptance of the Griffin bid at \$32,839, but at the same time will offer a companion measure to augment the figure by \$3,000 or \$4,000, to increase labor scales.

A special meeting of council must be held before the regular election, December 2, it was announced by J. Henson Tatum, city clerk and registrar, in order that the registration list can be certified. As registration does not close until November 25, the meeting cannot be held prior to that date. The next regular meeting of council is December 7.

Berman pointed out Friday that the additional funds will not go to the Griffin Construction Company, but will be used to raise wage scales already contemplated in the Griffin bid.

"We have agreed that we will ask council to supplement the funds already available for construction of the administration building," Berman said. "The Griffin bid is the low bid and will be the low bid even with the addition, because none of the contractors filed a bid which carried the present union wage scales, which the added funds will provide."

To have the bridges done away with quickly and completely and without undue expense, gave the war department an opportunity to have its aerial arm get some real practice in bombing.

The bridges in question are located near Quitman and Major Van Nostrand and Lieutenant Walker will visit the scene in a few days and look over the situation. If the bridges are located too close to the town, the chances are that the proffer will be declined, because of the possibility of injury and property damage through an improperly directed bomb. But it will be an interesting event if the officers think the stunt feasible. Bombers from the tactical school at Maxwell field will do the work if the proposal is carried through.

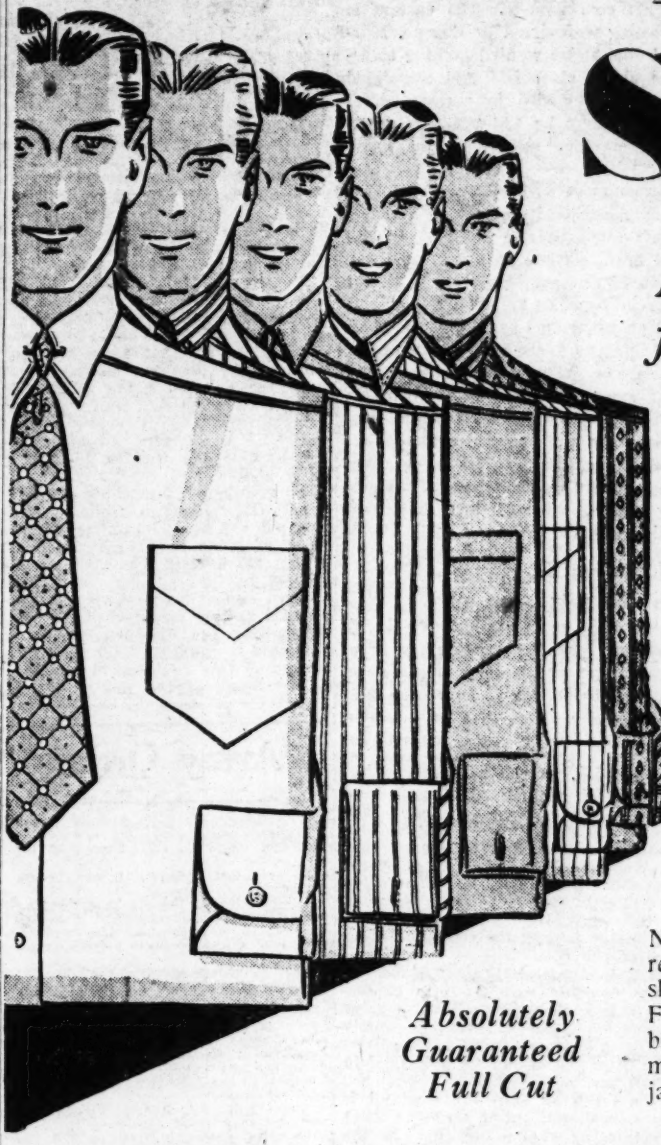

"I'll never ride in an automobile again if there is an airplane going my way," Mrs. Alice M. Richardson, 81-year-old Louisville, Ky., woman said after arriving here Friday afternoon on a plane trip from Kentucky to Jacksonville, Fla., where she will visit one son, and to Miami, Fla., where she is to visit another. Back Pictures and 'Proverbs Of All Ages' Are Available

Old P. E. and Artist To Meet Entrants in \$2,300 Game.

BY THE PROVERB CONTEST EDITOR.

On Monday picture No. 80 of the enthralling game of old sayings will be published—but it does not signal the zero hour for players. They have until December 7 to submit their sets of pictures and answers.

The proverb editor, as well as proverb contestants, thoroughly appreciate the kindness of the powers that be in keeping on hand copies of the book, "Proverbs of All Ages," and all the back pictures. After a great deal of careful study the artist who got up the pictures decided to select all of the proverbs to be drawn from "Proverbs of All Ages." Hence this book, which sells for 50 cents a copy, has all of the correct solutions and has been greatly in demand.

The back pictures are printed from the original plates on a high grade of smooth white paper, which is both neat and attractive. These special reprints can be had singly or from No. 1 to No. 80. Singly, they are 5 cents, which is the price of the individual issues of The Constitution in which they appeared. Any eight of them can be had for 30 cents—or any 40 of them for \$1.25. Full sets (from No. 1 to No. 80) are available at \$2.

The special reprints are being used by contestants who have lost, misplaced or torn some of their pictures, and by those who have decided to submit several sets of pictures and answers. The reprints, too, will probably be of considerable value in the event of ties, when, under the rules, nearest becomes a consideration.

Questions and Answers

Question: "I notice in Tuesday's 'Questions and Answers' where Mrs. H. P. asked 'Must quotation marks be used with the proverbs?' and your answer was 'No.' I am using quotation marks with my proverbs, and will you please tell me if my answers will be considered incorrect—compared with the same answers by some contestants who may not use them? Mrs. J. D. W. Williamson, Ga."

Answer: The proverb answers may be written either with or without quotation marks. Quotation marks will not be taken into consideration by the judges.

Well Be Out.
"I am enjoying the proverb contest very much. I have gotten more pleasure out of it than you can imagine. I think I will be homesick when it is over—and just think, that I shall be the last. I have enjoyed each little picture. I am a patient at the Home for Incurables and have been here for 20 years. I seldom go out for any pleasure. I would like to extend to you and Miss Alter a very cordial invitation to come out and visit the home and all of the folks. I know she will be very interested in pictures, and I am sure she can say something funny that will make us all laugh. Tell her to put on her new hat and come on out and see us some time. G. L. C."

What, with the contest and all, the old P. E. and Miss Alter are as busy as anything from way before breakfast 'til long after good folks should be in bed. But, bless Bob, we're not too busy to accept your invitation, and we'll be long directly. When we come we'll have lots of surprises. Leave the key under the door mat.

Question: "I am getting a lot of pleasure out of the contest, and although I may not win a prize, I feel that I have been very much benefited by trying, as I always have enjoyed reading proverbs. I want to call your attention to today's paper as being wrong. You have it numbered 75, when it should be numbered 75. Should we number it 75 ourselves, or will you reprint it with the correct number? Mrs. M. A. C. Austell, Ga."

Answer: Thank you for your kind comments. On Thursday we printed picture No. 75, but, through error, it was designated No. 74. Yesterday (Friday) we reprinted picture No. 75, giving it the correct number. Picture No. 75, as it was printed, is incorrect Thursday, or as it was printed correctly Friday, will be accepted.

Question: "Can I have a full set of the proverb pictures mailed to me any day next week? I'm sure I can win with a second set, if I'm not too late to get these pictures. Mrs. F. H. Mason, Ga."

Answer: Full sets of the proverb pictures (from No. 1 to No. 80, inclusive) can be had any time up 'til December 7. A set will be \$2. We'll be glad to mail the pictures to you if you'll send along 2 cents extra for postage.

Wants Another.
Question: "I want to commend you for the wonderful contest you are conducting. I think it is the most interesting contest you have ever put on and I hope you will soon put on another one. I have been thinking for several years how to get people more interested in reading the Holy Bible, and this contest has caused me to think how it can be done. Will you put on a Bible contest? It would encourage the reading of this great book. K. V."

Answer: We're glad you have enjoyed the proverb contest. Your suggestion has been turned over to the old P. E.'s boss.

Question: Do I understand rightly that the judges will consider both the correct proverb answers and neatness—but will not be influenced by artistic sets? N. L."

Answer: The judges will consider the correct answers. The prizes will go to readers who have found the most correct solutions. If one or more contestants submit the same number of correct answers and tie for any of the prizes, then neatness will be considered. Artistically arranged and elaborate sets will have no advantage over sets that are simply neat and attractive, in the event of ties.

HIGH COURT ORDERS NEW TRIAL HEARING

Judge James R. Hutcheson, of the Tallapoosa circuit, was ordered Friday by the supreme court of Georgia to entertain an extraordinary motion for a new trial for William and Fred Hulsey, father and son, under death sentence for the murder of Clifford Jones in Polk county on June 18 of last year.

While the court directed Judge Hutcheson to entertain the extraordinary motion, it declined to direct the superior court judge to certify a full bill of exceptions permitting an appeal to this court.

The Hulseys who were convicted of slaying Jones at the same time like Harper and Ernest McCullough were killed were scheduled to die in the chair October 9. Their attorney, William G. McKee, secured a reprieve in order to appeal to the high court for an order directing the lower court to examine newly discovered evidence.

When the door was opened, the men seized the farmer and whisked him away in an automobile.

Prosperity in South Is Predicted By Gulf States Steel President

NEW YORK, Nov. 20.—(P)—William H. Coverdale, president of the Gulf States Steel Company and director of many corporations, today declared he was a "real optimist" so far as the future of American business was concerned.

"I am especially hopeful for the south," he said, "where there are indications that the farmer is soon going to come into his own. Agricultural prosperity below the Mason and Dixon line, as well as throughout the rest of the country, means better times for everybody. And we are waiting for this prosperity definitely to re-establish itself."

Mr. Coverdale was certain that industry and agriculture would shortly respond to the improvements now being slightly manifested in other fields and in other localities south with the improvement would eventually come an increased demand for manufactured and farm products.

"And in the meantime," he added, "the railroads of the south are laboring under a great many unusual difficulties. It goes without saying that Gulf States Steel, which is the second largest producer in the south, is running almost in the same channel. But our steel plans will be ready for any amount of production that may come with a new era of prosperity."

FOREST FIRES RAVAGE GEORGIA ACRES ANEW

Forestry Official Suggests Convicts as Fire Fighters in Emergency.

A fresh outbreak of forest fires in the Arabia bay area, a part of the great Okefenokee swamp in south Georgia, which destroyed 10,000 acres and was still raging northward, brought appeals for national guardmen Friday.

District Forester Beale, of the Waycross district, wired Adjutant General Charles C. for a company of guardsmen to be dispatched from here immediately with fire pumps to battle the spreading flames.

The message was referred to Governor Russell, who immediately sent it to the state forestry department, where Bonnell Stone, chairman of the executive committee of the state board of forestry, verified Mr. Beale's message and sent a letter to the governor later in the day.

B. M. Lufburrow, state forester, is in the forest fire area at Valdosta and Mr. Stone acted in his stead. The entire staff of district foresters were sent into south Georgia this week to aid in combating the spread of the conflagrations which have swept timberlands in that vicinity for some time.

Governor Russell several days ago said the guardsmen were not trained to fight timber fires and expressed doubt that state laws would permit him to use the services of the guards in forest fire fighting. However, he desired full information on the latest outbreak and Mr. Stone supplied it.

CHARITY DRIVE ENDS FIRST VOTING PERIOD

Members of various church congregations or charity organizations in the Good Samaritan \$8,000 six-month buying campaign, which opened November 7, will bring to a close at 6 o'clock tonight the first voting period of the drive to stimulate business inaugurated by more than 50 Atlanta merchants and national advertisers.

Because of some confusion as to the value of the sales slips, cash register receipts, receipts, etc., all other evidence of purchase of payment which bear date, it is pointed out that these tokens or evidence of purchase or payment need not be turned in today, and the results will be announced in Tuesday's Constitution, and thereafter each week's winners will be announced each Tuesday during the remainder of the campaign.

Some of the smaller churches and charities in the campaign are planning on making a drive every third, fourth or fifth week, as the case may be, so as to be better able to compete effectively for a division of the cash awards in the sum of \$130 which are made weekly by the four leading organizations of the week participating in the division.

It is pointed out also that while the campaign is under way the time for entering churches or charities continues through the campaign. If official entry is made by signing the entry blanks agreeing to abide by the rules of the campaign, 10,000 bonus votes are given. Campaign headquarters at 137 Peachtree avenue will be open until 6 o'clock tonight to receive votes for this period.

WATKINS, KING, METHODISTS HEAR

Dr. King Says "Even D. A. R. and Legion Should Pray for Disarmament."

BY MARK TEMPLE.
(Associated Press Staff Writer.)

SAVANNAH, Ga., Nov. 20.—(AP)—Declaring the spirit of war to be doomed, Dr. W. P. King, told South Georgia Methodists here tonight that the entire Christian world was looking forward to the disarmament conference of 1932.

"No jingoistic nationalism can arrest the movement of peace," said Dr. King, who is book editor of the Methodist Episcopal Church, South, "and even the militarists are attempting to soft pedal the stupid criminality of war. Peace and understanding are on the way."

The address marked the second time that Dr. King, stationed at Nashville, Tenn., appeared before the conference. He has carefully studied the causes of war and movement toward peace, and is author of a book dealing with the subject.

Military expenditures annually amount to \$2,000,000,000, he said. "Even the sisters of the D. A. R. and the 'more militaristic' members of the Legionnaires' should pray for next year's conference to become a general disarmament, he declared."

Morelock speaks. The conference tonight heard George L. Morelock, of Nashville, general secretary of the general board of lay activities of the church, discuss the possibilities of service by laymen in the church.

Mr. Morelock, who also is editor of the Methodist Layman, said the principle of stewardship rests back to a spiritual interpretation of the Christian life, and represents the Christian philosophy.

"Through this spiritual interpretation of the sense of moral responsibility for his own life in relation to others," he declared.

Tomorrow's conference will consider the proposed change in constitution to create the judicial council, to handle controversial questions of the church. A three-fourth vote of the entire south is necessary for adoption.

Only three more conferences, South Georgia, Florida and Arkansas, are yet to be held, and the vote at present stands 2,449 for and 762 against, it was stated.

Bishop Raps Hays. Presiding officer, today in commenting on the report of the Wesleyan Christian Advocate, criticized the "interpretation of the church" by daily newspapers.

Emphasis is given to "nonsense, trash and bosh," he said, while good speeches are seldom printed. He added, however, that it was partly the responsibility of the church to educate the public to higher ideals.

The board of Christian education today recommended the following appropriations: Wesleyan College, \$3,833; Emory Junior College, \$1,000; the report of the Wesleyan Christian Advocate, \$750; Pastor's school, Macon, \$600; other purposes, including maintenance of executive office and staff, \$2,000.

At Emory University, discussed the report of his school as did S. C. Cliff, president of Emory College, and R. E. Peters, president of Emory College, who spoke of the college's support of a negro school operated by the church.

The conference contributed during the year \$15,500 for support of the ministry in its mission churches, Rev. H. J. Jones reported.

The budget commission tonight submitted its annual report calling for expenditure of \$7,000, but the report was ordered back to committee for revision. Under its original provisions the finance board would receive \$25,500; board of missions, \$22,000; Christian education, \$34,000; board of church extension, \$2,500; minutes, \$1,400; and advocate's office, \$1,400.

The hospital board reported value of buildings totaling \$15,000, and a new \$175,000 building which would include a medical center was proposed for the Chandler hospital here.

LOUISIANA CONFERENCE FOR JUDICIAL COUNCIL. MONROE, La., Nov. 20.—(AP)—Methodists of the annual Louisiana conference of the southern church in session here today authorized appointment of a judicial council to decide all constitutional matters of the conference. Its members will be appointed at tomorrow's sessions.

The conference unanimously adopted the report of the board of temperance and social service, which asked for greater efforts in support of prohibition. The conference also accepted the recommendation that Dr. W. P. Turner serve as legislative director of the Louisiana Legislative Prohibition League.

HANCOCK MAY RETURN PRISONERS TO STATE. SPARTA, Ga., Nov. 20.—(AP)—The county commissioners of Hancock county, Frank H. Jackson, chairman, W. R. Harrison and R. C. Wiley, are considering economy measures at the county stockade next year. They have made trips to various counties near here where officers have abandoned the use of felony convicts for working the highways and will probably turn their quarters to state control back to the prison band on January 1 and work "free labor" when needed.

They will be forced to keep the misdemeanor convicts and they can care for much of the road work, since the main highways across the county have been taken over by the state highway department for maintenance.

Discharge of Own Gun Kills Tarrytown Youth

SOPERTON, Ga., Nov. 20.—(AP)—G. J. Warnock, 15, of Tarrytown, was killed near here Thursday when he was struck by a charge from a shotgun while going home from a hunting trip.

He is survived by his mother, Mrs. C. W. Warnock, and one brother, Charles Warnock, of Waycross.

LIQUOR HEADQUARTERS IN JAIL, SAYS WITNESS

OPELIKA, Ala., Nov. 20.—(AP)—Details of a retail liquor business, with headquarters in the city jail of Phenix City, conducted by a former trusty, Willie V. Edwards, and Police Sergeant Huel "Mule" White, was described in United States district court here today by Edwards, who has admitted his guilt in the prosecution of 46 persons on charges of conspiracy to violate the prohibition law.

"He (White) bought a car and suggested that I make me and him some money handling liquor," Edwards testified. He said profits were split 50-50 and that he sold for White four or five months.

The defense objection to the witness' statement that part of the money paid White was given J. M. Blair, former Phenix City chief of police, was sustained by Judge Charles B. Kennerman on the basis that Edwards did not have first-hand knowledge of this.

The sale of whisky to prisoners or anybody was admitted by Edwards, who said he received from 50c to \$2 a pint for it. Edwards said he would go out and buy whisky, bring it to town and place it in a cache for later delivery.

Before the "big raid" was made by federal officers in August, 1930, when Pat Murphy was arrested, later to be sent to the federal prison in Atlanta, Edwards testified he tipped off four bootleg places at the suggestion of Berry Pittman, a former officer. Pittman gave him the numbers while the federal agents were at the city jail and he telephoned to warn Dan Dozier, Jennett, Mrs. Annie Carnack, "Bud" Smith and Mrs. Beecher Howard, he said.

He said Chief Blair was not at the raid.

Testimony by government witnesses has disclosed the sale and manufacture of thousands upon thousands of gallons of whisky in and around Phenix City during the last two years. The government is seeking to build its case around the alleged conspiracy to violate the nation's prohibition act.

Whisky is said to have been sold at such places as "Ku Klux Hill," "Moonlight Glow," "The Green Room," "The Glass House," "The Hole in the Wall," "The Bridge," "Cash and Carry," some of which are located on "Laudnum Lane," "Silk Shirt Alley" and "Cocaine Flats."

NEW SUPPORT WON TO CHANGE IN TIME

Civil Engineers and Insurance Head Laud Move; Editors Favor Plan.

The Georgia section of the American Society of Civil Engineers, insurance employees and others Friday reinforced advocates of the proposed change from central standard to eastern time for Atlanta. Eastern time proponents drove their wedge deeper into the ranks of the Atlanta Association of Parents and Teachers, and Mayor James L. Key and Mayor Pro Tem, G. Everett Millican appealed for a full expression of voters in the December 2 election.

J. A. Higgs Jr., president of the Georgia section of the engineers, sent out notices to all members, explaining advantages of the proposed change. Fleming Law, president of the Atlanta Casualty and Surety Association, championed the change in the name of more than 1,500 employees.

Several leaders of the parent-teacher organizations Friday bolted straw vote taken Wednesday. Atlanta advocates of the proposed change were joined by four Georgia editors who favor eastern time for this city.

Special Session Sought. Mayor Key will be asked to call a special meeting of the council for Friday, November 27, to certify the registration list, a formality which must be taken before the election can be held.

It was reported Friday that an effort will be made to change the wording on the ballot from its present status of for or against eastern time to "for eastern standard time" and "for central standard time."

Reports were that both camps agree to the change in as much as the vote then would definitely gain an expression as to the kind of time favored.

Proponents of the change Friday pointed out that it is just as logical to argue that Atlanta should have eastern time as central time, as the city lies on 84 degrees and 20 minutes longitude, while the eastern time zone division line is the 75th longitude and the central standard time meridian on 90 degrees longitude. This places Atlanta virtually in the center of the division line, according to sun time.

Mrs. W. R. Delk, president of the South Parent-Teacher Association, pointed out that if the school hours are changed, she favors the change. "In time, before Atlanta adopted central time when the time divisions were made by the government, Atlanta children went to school at 9 o'clock, which was almost exactly sun time. Mrs. Delk added her influence to several others who opposed the association vote Wednesday.

Miss Leita Thompson, president of the Business and Professional Women's Club, announced Friday that her organization is on record as favoring eastern time, and added that she is sponsoring the change.

Full Vote Urged. Neither Mayor Key nor Acting Mayor Millican expressed any preference Friday, but both urged Atlantans to visit the polls and register their sentiments.

Millican is writing all voters in the tenth ward, which he represents in council, urging them to visit the polls. C. H. Leavy, editor of the Brunswick News, E. R. Jerger, editor of the Times Enterprise, Thomsville Isidor Gelders, editor Leader Enterprise and Press, Fitzgerald, and Albert S. Hardy Jr., editor of the Gainesville News, were the time, and joined in urging the change, while Fred Shaefer, secretary of the Atlanta Association of Building Owners and Managers, said his association was on record as favoring eastern time.

Telegram From Editors. Text of the telegrams from the editors follows: "Eastern Time Campaign Committee, Atlanta, Ga.

"As one desiring a closer relationship between our city and Atlanta we sincerely trust that the movement for the establishment of eastern standard time in your city will be successful. Our honest opinion that it would work no inconvenience on our people who do business in Atlanta, but it would be preferable to central time.

"C. H. LEAVY, "Editor Brunswick News."

"Eastern Time Campaign Committee, Atlanta, Ga.

"Time is the only fault that many south Georgians have to find with Atlanta. Thomsville was on the dividing line but unanimously decided to use eastern time and it would hardly be possible to bring about a change here so convenient and successful has been the schedule since the new time zone was established. Likewise it is more of a convenience of visitors from the west than central time would be should they come visiting for business or pleasure it would work out the same way for Atlanta undoubtedly.

"E. R. JERGER, "Times Enterprise."

"Eastern Time Campaign Committee, Atlanta, Ga.

"Workmen, schools and business men better satisfied with eastern time than the central time in vogue in our capital. Much confusion would be avoided in this part of state if Atlanta was served with eastern time.

"ISIDOR GELDERS, "Editor Leader Enterprise and Press."

New Criminal Deadline Established in Gotham

NEW YORK, Nov. 20.—(AP)—A deadline against criminals, similar to that permanently in force in the Wall Street district, will be thrown about the entire center of Manhattan Island tomorrow by order of Police Commissioner Edward P. Mulrooney to remain until after Christmas.

It covers the entire department store section and all of the Fifth Avenue shopping district. It begins in effect at 8 a. m. tomorrow, and all known criminals found inside the deadline will be picked up.

CANNON'S FRIENDS SOLICITING FUNDS

WASHINGTON, Nov. 20.—(AP)—Southern Methodist ministers and laymen are contributing funds for the defense of Bishop James C. Cannon on charges of violating the corrupt practices law in the 1928 presidential campaign.

Charles W. Warden, a Presbyterian and investment broker of this city, has been designated treasurer by friends of the bishop who sponsored the campaign.

Five of these sent a letter from Lynchburg, Va., on October 31 to ministers of the Southern Methodist conference and some of the laymen. This letter was addressed "Dear Fellow Worker" and signed by George P. Adams, Blackstone; Lucius Gregory, Chase City; A. C. Garrett Jr., Buckingham; Brent T. Taylor, Prospect, and George G. Wilkinson, Cumberland, Va.

Warden, today, after first communicating with the clergyman, declined to say how much has been collected.

No sum has been fixed as an objective of the campaign. "The response from those answering has been very cordial," Warden said. "Contributions from ministers have been more numerous than those from laymen but the laymen have given larger amounts."

The letter requesting donations asked for money "to help defray the expenses necessary to employ competent counsel and to meet court charges in the trial . . . and to assist in meeting similar attacks upon him (Bishop Cannon) to destroy his influence as a prohibition worker."

Bishop Cannon has demurred to the indictment and argument of this demurrer has been set for November 30.

CANNON DEFENSE FUND BEING SOLICITED HERE Friends of Bishop James Cannon Jr., of the Methodist Episcopal church, South, are endeavoring to solicit from the Atlanta membership of that denomination funds for the defense of the prelate when he is placed on trial in Washington, D. C., on charges of violating the federal corrupt practices act, it was learned in Atlanta Friday afternoon.

Notwithstanding denials by several prominent Methodist pastors here, responses obtained by The Constitution from other ministers indicated that efforts are being made to obtain money to engage legal defense for Bishop Cannon.

One prominent Atlanta Methodist minister, when asked directly if he had knowledge of such efforts, made no effort to conceal this knowledge. "I am afraid," he said ruefully, "that some of us have received such letters. And I can't say that all of us like it either."

Dr. S. H. C. Burgin, pastor of St. Mark Methodist church, said he had no personal knowledge that local Methodists had been approached by mail or otherwise in a canvass for funds.

"I know of no such letters," Dr. Burgin said.

Dr. J. E. Ellis, pastor of Wesley Memorial church, refused to speak for publication, and likewise declined to permit use of his name in connection with the matter.

"Wesley Memorial church," Dr. Ellis said, "is trying to keep clear of all politics."

The Rev. Richard J. Broyles, pastor of Peachtree Road Methodist Church, South, said he was "almost sure" he had not received letters of the type reported to have been sent out from various Virginia towns and Washington.

"It is possible," he admitted, "that I may have come across such a letter in my mail several weeks ago. If I did I didn't do anything about it and it failed to impress me to such an extent that I am that vague about it. Because of this vagueness I cannot positively answer 'yes' or 'no' to this particular question."

SHRINERS CONCLUDE ATLANTA CEREMONIAL One of the most picturesque ceremonies in Shrinendom was carried out Friday night at the Shrine Mosque when 30 initiates were accepted into the order in secret rites that brought to a close the first convention of the newly created Southeastern Shrine Association.

Presided over by illustrious Chief Rabbi Dewald A. Cohen, chairman of the ceremonial committee, the 30 candidates marched across the faded hot sands of the initiation and reached "Mecca," thereby becoming full-fledged members of the red fez and the dazzling uniforms.

Approximately 1,500 officers and members from all of the southeastern states attended the two-day gathering of the association, capturing the city with their fantastic music and chanting, and lending color to the downtown streets in what leaders termed one of, not the greatest, conventions ever held in this city. During their stay here the downtown streets were reminiscent of scenes that greeted citizens when the national convention of the Ancient and Arabic Order was held here several years ago.

Friday's program was largely devoted to entertainment of the visiting members. A parade was held in the morning, terminating at the city auditorium where an old-fashioned barbecue was served. A buffet supper was rendered at the mosque at 8 o'clock Friday evening and at 8:30 that night guests were introduced prior to the initiations forming the ceremonial. Temples from almost every city in the south attended, many with their resplendent divans, chanters choruses and military bands.

While the visiting officers and marching nobles were being feted at barbecue the visiting ladies were assembled at the Henry Grady hotel and conducted to the Atlanta Woman's Club, where luncheon was served. The entertainment of the visiting ladies was arranged by a committee headed by Mrs. Richard N. Fickett Jr. and Mrs. Albert L. Dunn. During the afternoon Friday evening was taken on sight-seeing tours and other entertainment.

Potential members of divans of Shrine temples held a meeting in the Spanish room of the mosque Friday afternoon and after a discussion of the objects of the association arrived at the conclusion that its continuance would greatly benefit the order of the Shrine. Inasmuch as many of the 23 temples of the southeast will elect new potentates in January it was decided that the matter of selecting an oasis in which to hold the next session of the association should be determined by the potentates of the temples concerned when they met at the imperial council meeting in San Francisco next summer.

Present at the meeting were Potentate Richard N. Fickett Jr., of Yaarab temple, who presided; Noble Henry H. Green, of Yaarab temple, secretary; Chief Rabbi Dewald A. Cohen, Assistant Rabbi Hiram H. Romans, High Priest and Prophet Byron L. Milling, Oriental Guide Roy S. Mather, Second Ceremonial Master Walter Bryant, of Yaarab temple. Many southern temples were represented.

Arriving in Atlanta by special trains Thursday the visitors were taken on a series of sight-seeing trips, followed by theater parties and private entertainments. The principal social festivity of the first day was the Shrine ball in the Egyptian ballroom of the mosque.

With illustrious Chief Rabbi Cohen presiding at the final ceremonial were Potentate Richard N. Fickett Jr., of Yaarab Temple; Roy Mather and W. Bayne Gibson acting as rabbans. Introduction of visiting guests was made by Past Potentate Tom C. Law.

A new panel traffic signal light will go into operation at noon today at Georgia avenue and Capitol avenue. It supplants the old overhead type. The announcement was made by Pat Hendricks, superintendent of electrical affairs.

Mrs. M. H. Margeson, in charge of the woman's emergency relief committee in making garments for children of unemployed Atlantans, Friday issued a call for more workers at the sewing room on the seventh floor of the city hall. The committee is attempting to dress children so they can remain in school.

STYLES BY ANNETTE

It shows clever use of fagoting and an interesting new sleeve cut. It expresses new elegance and quite the spariest idea of the moment for afternoons and Sunday nights in black transparent velvet. Ecru lace trims the neck and sleeves.

The front panel is fitted in pointed outline to the upper fronts of the dress. Joining the seams with fagoting adds to its charm. However, some may prefer the plain seaming, which is also very pleasing.

Style No. 674 may be had in sizes 16, 18, 20 years, 36, 38, 40 and 42 inches bust. Size 36 requires 4 1/2 yards of 39-inch material with 2 3/4 yards of lace edging.

Crepe marocain, canton-faille crepe silk and lace make up attractively in this chic model.

Our winter fashion magazine contains styles for children, the miss, a most attractive selection for adults, including slenderizing effects for stout, and a variety of Christmas suggestions.

Price of book 10 cents. Price of pattern 15 cents in stamps or coin (coin is preferred). Wrap coin carefully.

Five charming Atlanta children are pictured above, engaged in wrapping bundles of rummage to admit them to the Junior League Marionette show taking place this morning at 9:15 o'clock at the Rialto theater. Reading from left to right are Martha Boynton Davis, Margaret Morton Cole, Lucy Kiser, Billy Parker Jr., and Edwin Cole Jr. A bundle of rummage is the only admission fee asked by the Junior League to the performances of "Hansel and Gretel" and "Jack and the Beanstalk." Photographs by Bill Mason, staff.

The presentation of the Junior League Marionette show this morning at 9:15 o'clock at the Rialto theater will have a two-fold purpose, in that it will provide pleasure for hundreds of children, whose only admission to the performance will be an individual bundle of rummage.

A youthful audience will thrill with delight at the unfolding of the stories of "Hansel and Gretel" and "Jack and the Beanstalk," and to learn that their own really live and talk and dance will fill the children's hearts with joy and merriment. Mrs. Rutherford Ellis is cast as Hansel in "Hansel and Gretel"; Mrs. Edward K. Van Winkle will take the role of Gretel; Mrs. William Huger will be the stepmother; Mrs. Perrin Nicholson Jr. will be cast as the witch; and Mrs. Robert Critchton will play the Gingerbread children. The cast for "Jack and the Beanstalk" includes: Jack, Mrs. Edward Van Winkle Jr.; cow, Mrs. Perrin Nicholson Jr.; Mother, Mrs. Robert Critchton; farmer, Mrs. Rutherford Ellis; giant, Mrs. Perrin Nicholson Jr.; and giant's wife, Mrs. Rutherford Ellis.

Mrs. William Huger is general manager of the performances. When the Junior League concentrates the attention of its forces upon an undertaking of the duty of moving the stage to the Rialto theater, and having the clothes for the Marionettes washed and pressed, and to keep in place the strings which are pulled to make the dolls act, Mrs. John Stewart and Mrs. R. Lenhardt will attend to the scenic effect, and Mrs. A. J. Orme Jr. will be chairman of ushers, assisted by an attractive bevy of Junior Leaguers.

Mrs. Wylie Ballard is directing the show, and during the intermission between the two performances, Mrs. Harold Coolidge will lead the audience in singing, and Aunt Sally, of

Listless Bulldogs Face Inspired Tigers in Columbus Today: Jackets in Great Shape for 'Gator Invasion This Afternoon

BULLDOGS FACE INSPIRED TIGER; MEHRE WORRIED

Favored Georgians Are Unkeyed; Moran To Start at Halfback.

By Ralph McGill.

COLUMBUS, Ga., Nov. 20.—The Georgia and Auburn football teams will meet here Saturday afternoon at 2 o'clock in what will be the 36th renewal between the two eleven.

It is a game which has come down from another era, still holding a tremendous appeal because of the traditional closeness of its play and the spirit of its teams.

They began the series in 1892 when Auburn appeared at old Piedmont park in Atlanta, and upset the doze to win, 10 to 0. Auburn men are still recalling that as they swarm into the city tonight.

Tomorrow the game comes back to Columbus, which first played host to it in 1916, and this is the 15th engagement since that year. It will be unlucky for Georgia, according to the Auburn faithful who are here with their undying enthusiasm and their unwavering loyalty.

HARD-FOUGHT SERIES.

There is no great disparity in the records of the two teams. Since 1892 Georgia has won 17 games, Auburn 14 and four have been ties. That record is studied with brilliant uprightness of the doze by the Bengals from the plain. And it is on that hope that the Auburn crowd is expected to be sitting in a pleading and suppliant attitude on the morning.

When the two teams met last season, the Bengals held the Bulldogs to a 7-7 score at the half. And this was a kitten Tiger compared with the one of this season.

They broke last season. The doze says they will again tomorrow, but the Tiger supporters say not. They are determined to kick the doze bucket high and dry tomorrow, and there is no arguing with them.

Offer at a small hotel, away from the crowd and excitement, Harry Mehre was discovered in a rather tense condition. He is not at all satisfied with his team's condition. Jack (the Ripper) Roberts is out. So is Vason McWhorter, the valuable and usually second-string center. And the Bulldogs do not seem to be keyed up at all for this game.

MORAN TO START.

Tommy Moran will start his first game of the season for Georgia tomorrow, according to Harry Mehre's plans announced tonight.

It will be almost entirely new backfield set which the Georgia coach will start tomorrow. Lloyd Gilmore will be at fullback and Sully Sullivan at quarter. Spurgeon Chandler will be the only veteran in the starting lineup.

"I am forced to start these men. They constitute the best lineup I can get together. I don't agree that we will have it on Auburn in the matter of reserves."

Catfish Smith, still one of the south's greatest ends, will start. He will be almost at the other flank. Jim Hamrick and Bobby Rose, veteran tackles, will start. Two reserve guards, Jim Patterson and Tiger Bennett, will answer the first whistle, with Graham Batchelor passing the ball.

HIS FIRST CHANCE.

Moran, who probably would be on most any football team's starting lineup, is a good player who simply hasn't had a chance until now. His appearance will be watched with interest.

Mehre is, of course, saving out his two threats, Homer Kie and Buster Mott. They will be thrown in there when the edge is off the Auburn defense.

"I guess Auburn is all ready to jump down our throats," said Mehre. "And we won't know until we've played it what sort of a game our boys will put up."

The Bulldogs appeared to be in good humor at dinner tonight. But the loss of the Tulane game still clings about them. They haven't yet decided whether life is worth while or not.

Reports from Auburn, where the Tigers will remain until a few hours before the game, were that Chet Wynne and Roger Kiley were all ready to throw the best they have, and that's pretty good, against Georgia.

All the Tigers are in shape. This

Oglethorpe Faces Strong Haskell Eleven on Soldier Field Today

POETS DEFEAT SMITHIES, 20-7; PROTEST FILED

Tech High Challenges Eligibility of Lanier Fullback.

By Roy White.

An alert Lanier High team that followed the ball every inch of the way and took advantage of its three scoring opportunities, defeated Tech High, 20-7, Friday afternoon at Spiller field. It was Lanier's fifth victory in their drive toward a state and southern prep championship.

Lanier High won the football game, but the executive committee of the G. I. A. A. has asked her to battle on its hand. A protest was filed by Tech High before the game. A copy of a Macon paper of October 8, 1927, giving an account of Lanier's 96-0 victory over Cochran, in which Ferguson, present Lanier fullback, played, was presented along with the protest. It was in that 1927 game that "Catfish" Smith, end on the press, Georgia team, scored four touchdowns.

Except for its interception and throwing of forward passes, Lanier High was completely outplayed. Their running attack was practically null and void, only four first downs being made through the Tech High defense. Each of these four was measured on the fourth down. Another was made on Tech High penalties and three others resulted from well-timed forward passes.

LANIER OUTGAMED.
Tech High outgained Lanier more than three to one in yards and registered 18 first downs, but could not score but one touchdown.

"Red" Rhodenbier's 88-yard sprint to a touchdown in the second quarter after recovering a Tech High fumble was the outstanding play of the game. Captain Black's interception of Gibson's pass and a 40-yard dash in the fourth period was another brilliant play that paved the way for Lanier's third touchdown. Ferguson bucked over for the last score.

Lanier's second touchdown came in the third period on a 73-yard drive and aerial attack. The Poets received the ball on their own 23-yard line. A first down through the line netted 10 yards. A forward pass, Pools to McCullough, netted 37 yards and another heave, Pools to Rhodenbier, was good for 25 yards. The second long pass placed the ball on Tech High's two-yard line and on fourth down, Dixon drove over the line for the touchdown. McCullough's place kick was good for the extra point.

Tech High hit one of its best pass attacks of the year, but they were of the short variety just over the line that aided materially in registering first downs, but not good for long gains. The passes were mixed with the on-running attack.

BOYD HIGH STAR.
In the Smithies' 80-yard march to a touchdown in the second quarter, Marvin Boyd was the index player. He started it with a return of the kick-off to the 20-yard line. A few plays later he broke off right tackle for a 33-yard dash and then, on fourth down, he passed 22 yards to Captain Street for a touchdown.

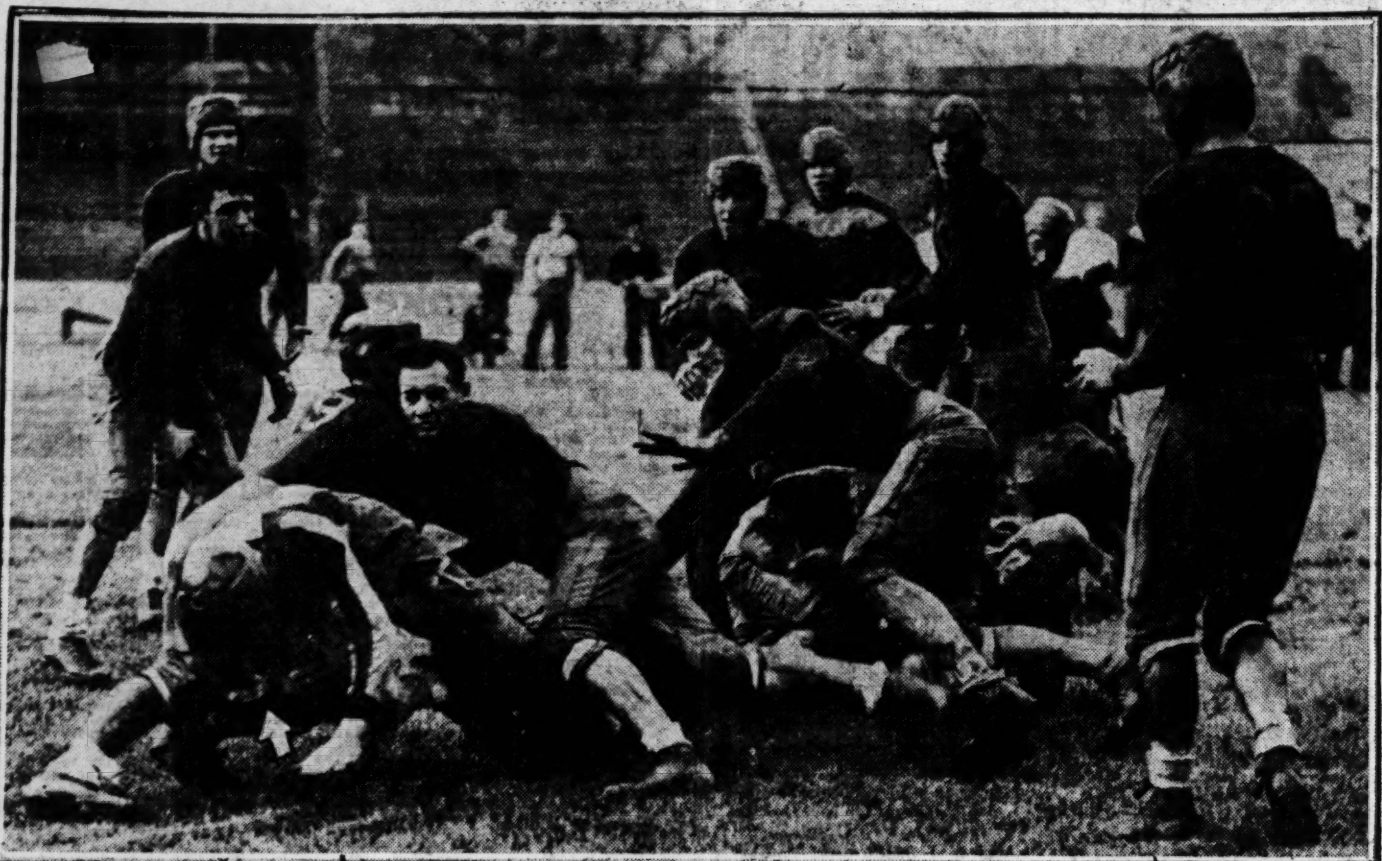

Tech High made two bids to score in the initial period and again in the third and fourth quarters, but intercepted passes lost the opportunities when winning scoring distance.

Outstanding in the Lanier lineup were Dixon, Rhodenbier and Pools in the backfield, and McCullough, Captain Black and Collins in the line. The play of the entire Tech High backfield, and Bonner, Tolive, Gibson and Heard, in the line, was above the average.

Lanier's Final Touchdown in 20-7 Victory

Ferguson, Lanier backfield ace, is shown in the above picture plunging over for the Poets' final touchdown in the fourth period of the game with the Tech High Smithies yesterday at Spiller field. The Poets from Macon won the

game, 20-7. "Pug" Boyd, Smithie star back, is shown making a desperate try to stop the Poet. Boyd is the player without a headgear. George Cornett, staff photographer, made the picture.

BOYS' HIGH WINS HEATED BATTLE

Defeat Columbus, 14 to 6, in Free-Slugging Contest.

COLUMBUS, Ga., Nov. 20.—Boys' High defeated Columbus High, 14 to 6, at Memorial stadium this afternoon. Both teams went scoreless in the first quarter, but early in the second quarter Betsill, halfback, passed to Hayes across the goal line for 25 yards and touchdown. Place-kick went wild.

Shortly afterward, Turner, halfback, broke through for a 22-yard run to Boys' High 20-yard line. Boys' High players began to fight among themselves. A second, very urged line to hold and blows were passed. On the next play Boys' High was penalized 15 yards for roughing. Boys' High players continued to fight among themselves. On the next play Turner went over for touchdown and tied the score. The kick failed and it was 6-6 when the half ended.

In third quarter Smith, Boys' High halfback, ran 54 yards on an off-tackle play for a touchdown. Kick failed. In fourth quarter Columbus had held on their own 3-yard line. Boys' High blocked a punt behind Columbus' goal line for a safety, making it 14 to 6, the final score.

Boys' High was adept at executing triple passes for gain after gain, the last threat coming after Betsill to Gatchey to Stacey put the ball on the 15-yard line. Gatchey received the ball from Betsill after running 15 yards and passed backward to Stacey to complete the triple.

A near riot broke out at the end of the game when a Columbus player took the ball and ran the length of the field with Boys' High players in close pursuit. Players, police officials and spectators joined in. The outcome was that a policeman took the ball and gave it to the Columbus coach, who said it was not customary in Georgia High School Association for winning team to get the ball. Boys' High said in G. I. A. A. it is customary.

LUDOWICI WINS.
LUDOWICI, Ga., Nov. 20.—Ludowici High passed defeated Glennville High today by the uneven score of 25 to 7, at Glennville this afternoon. This gives Ludowici High three victories in three games played.

RIVALS CLASH AT BALL PARK

Having hurdled Tuskegee in their march to a notable season's record, Clark's Panthers this afternoon at Spiller field face a test indubitably as formidable in their game with the Tigers of Morehouse.

What is more, the Tigers were the winners of the annual clash last fall, and they will base their bid for another victory this afternoon on a splendid back field. Lack of reserve strength may count against them before it's over.

The Panthers, mainly by virtue of their victory over Tuskegee, have been established the favorites this afternoon, but that fact is causing no concern at all to Tiger supporters. They have a faint recollection that last year somewhat the same pre-game situation existed.

The past week was no less than a beehive of activity at both schools, with rival coaches working tirelessly to bring their charges to top form for the season's all-important game.

Comparative season's scores are not considered when the two teams line up for the kick-off, for the records show that no matter what went before neither team ever defeated the other by a top heavy score.

The Clark lineup this afternoon will include such stellar colored players as Ray and Pinkney, ends; Simon and Stapleton, tackles; Cosby and M. Stapleton, guards; Robinson, center; McPeters, quarterback; Bell and Baker, halfbacks, and Arnett, fullback.

Tuskegee will take the field with Johnson and Evans at ends; Davis and Bond at tackles; Bowen and Tyson at guards; Smith at center; Kelly at quarterback; Edmonds and Jeffries at halfbacks and Jones at fullback. The kick-off is scheduled at 2 o'clock.

Wolverines Nose Florida Aggies, 6-0
Morris Brown University barely nosed out a fighting and determined Florida A. & M. eleven by a 6-0 score at Spiller field Friday night.

Coach Nicks of Morris Brown, using his shock troops, including Rat Williams at quarter, Bowes and Smith at halves, and Hollingsworth at fullback, drove 55 yards for the score that beat the Aggies. The try for the extra point was blocked.

BIRTHDAY.
The Havre de Grace race track celebrated its twentieth birthday this fall. Edward Burke, general manager, and Jim Milton, starter, haven't been away from their jobs a single day since the track first was opened.

to come here and meet George Woodruff, Frank Foley and the other orators.
And I wonder if Frank Foley is going to give back those cigars to Clegg, the Georgia water boy?

THEY DON'T GIVE UP.
There is one thing to be said for the youth of Columbus. They don't give up easily. The boys down here are still having a lot of fun with yo-yo tops.

BOYS' HIGH HAPPY.
Boys' High, of Atlanta, won a football game, but lost the football here this afternoon.

They won from Columbus High and were entitled to the ball, but the Columbus boys showed fight. Had it not been for the interference of some of the local constabulary, I think the Boys' High team would have got the ball.

The Boys' High team, after a slow start, is going to finish with one of the best records in their association.

means that Georgia will be out-kicked, for even the brilliant Chandler can hardly match the toe of "Hitchy-coo" Hitchcock, the brilliant kicker and broken-field runner who is Auburn's chief threat.

Lindy Hatfield, Tom Brown and Chattie Davidson give the Tigers a backfield which will be a match for any combination the Bulldogs can put on the field.

RESERVES VITAL.
The reserves will likely decide it. Georgia has more of them in the line and backfield, despite Mr. Mehre's pessimistic view. Yet if the Tiger is inspired enough, he may play on as wounded men often continue to charge in battle, carried on by the heat of the fight.

The Georgia line is theoretically superior in strength and numbers, as is the backfield. And on that basis Georgia should win by two or three touchdowns.

Between 8,000 and 10,000 fans are expected to witness the game. A feature of the ceremonies will be a memorial for Knute Rockne between the halves.

Marist Routed By Decatur, 50 to 0

Throwing passes, skirting the ends and gaining through the line almost at will, Decatur High defeated Marist, an N. G. I. C. rival, 50 to 0, Friday afternoon at Decatur. It was the ninth consecutive victory for Coach Dickie Butler's eleven, which leads the N. G. I. C. by a comfortable margin.

Alf Anderson started the touchdown marches on the fifth play of the game when he ran 70 yards around end for the score. Touchdowns came fast and furious during the remainder of the game. Powell, Decatur fullback, scored the second on a line buck just before the first period ended.

In the second quarter McKinley and Partridge scored for Decatur. McKinley's touchdown was from a line buck, and Partridge, a substitute end, scored after receiving a 20-yard pass.

Powell bucked the Marist line for Decatur's only touchdown in the third period.

With substitutes in the game, Decatur came back strong in the final period and scored three times. Gantt skirled right end for the first, Conno blocked a Marist punt for the second and Gardner, after a few short passes, broke off tackle for the final six points.

INDIANS NUMBER KANSAS AMONG THEIR VICTIMS

Petrels Will Play Charity Game With Two Stars Out.

CHICAGO, Nov. 20.—(P)—Oglethorpe University, of Atlanta, Ga., and Haskell Indians will meet on Soldier field tomorrow in a football game, the receipts of which will go to the disabled American veterans of the World War.

The Indians, under the direction of William (Lone Star) Dietz, former Carlisle Indian star, have compiled a good record this season, numbering among their victims Kansas University. The ace of the Redskin eleven is Louis (Little Rabbit) Weller, a running and passing halfback.

HOLD WORKOUTS.
Both teams took their final workouts today, the Indians at Dwyer stadium, Northwestern University, and Oglethorpe on Soldier field. A crowd of more than 25,000 is expected for the intercollegiate contest.

The game is expected to feature a spectacular passing attack by both teams. The Indians have resorted to lateral and triple passes to make many of their touchdowns this season, and in this respect use a style of offense play similar to that of the Oglethorpe team.

Coach Harry Robertson, a former All-American center at Syracuse, used a revamped backfield in the practice this afternoon, due to the fact that two of his star players, Dapper Myers, fullback, and Lefty Sybert, halfback, were left behind because of injuries.

RAINES AND HARRISON.
Nammie Raines ran in place of Sybert at halfback, with Jack Harrison occupying the fullback position. They will start tomorrow, Coach Robertson announced. Claud Herin will be at quarterback and Frank Anderson at the other halfback.
